UC Campus Update

ENSURING TRANSFER SUCCESS 2016
Greetings From UC Santa Cruz!

ETS 2016 – Campus Update
Michael McCawley,
Director of Admissions
For fall 2016:

- Increase in transfer applications – nearly 1,200 more than previous year
- Increased enrollment target – seeking to enroll 100 more
- Increase in admits – nearly 5,000 as of 4/29/16
- Selective majors remained the same – 29 majors now being screened

- Working with students for winter 2017 admission
You talked, we listened – even better, we took action.

**TAG Criteria:** admissions.ucsc.edu/apply/transfer-students/tag.html

**Major Prep Info:** admissions.ucsc.edu/apply/transfer-students/major-prep.html

Greater clarity in what we expect from transfer applicants.
Preview of Coming Attractions:

- New screening majors for TAG and general admission
  Cognitive Science
  Environmental Studies

- Possible changes in selection criteria
  Sociology
  Computer Science

- Increased enrollment targets
Increasing our presence on the west side of Santa Cruz

• Coastal Biology Building to open in Spring 2017

• Long Marine Lab

• Seymour Discovery Center

Opportunities available in all fields of study

UCSD encourages undergraduate students to get involved with research during year 1

Undergraduate students present at national conferences and publish with faculty in academic journals

Campus research centers include Rady School of Management, San Diego Supercomputer Center, School of Medicine, and Scripps Institution of Oceanography
Every UC San Diego undergraduate student belongs to one of six colleges.

You can pursue any major in any college. You take classes across campus with students from every college.

Each college has a unique philosophy and set of general education requirements.

The colleges provide you with a smaller, supportive environment within the larger research university.

The colleges are residential neighborhoods on the UCSD campus.

You graduate with a degree from UC San Diego AND your college.

Thank You
FALL 2016

• 19,116 transfer applications
• 11% increase from last year
• Fall 2016 transfer waitlist
• Increase in CA residents at the transfer level
All Colleges and School of Business

• Major prep is critical
• Students should take ALL articulated courses listed on ASSIST
• Students must complete the UC Berkeley prerequisite forms for admission
• Full IGETC certification required by end of spring term – Partial not accepted (IGETC will not satisfy breadth for the Haas School or Business)
College of Letters & Sciences

• Students should have a “Plan B” major in mind

• Look for research, applied research, global issues, and leadership options in the community setting

• Students who are the most successful in declaring their intended major exceed minimum admission requirements
College of Engineering

- The Civil Engineering major will not require Jr Transfer applicants to complete Biology 1B for Fall 2017 admissions.
- Bio 1B will be listed in the "strongly recommended" courses for admission, as it was in prior years.
College of Natural Resources

- Complete the minimum prerequisites outlined in ASSIST
- CNR has provided transfer guides on their website to help prospective students understand the requirements
Haas School of Business

• Received 1800+ Fall 2016 applications and over 1100 were ineligible

• Most transfer students are denied admission to Haas because they either do not submit the Haas Supplement in January or do not show planned completion of all of our admission requirements.

• Haas advised prospective transfer applicants by phone or in person
