

Campus Housing Information for Newly Admitted Students

Table Guide

1. The housing guarantee applies only to admitted single students who meet **all requirements and deadlines** as established by campus housing offices.
2. Guarantees apply to on-campus housing for students admitted for the fall term. Some campuses may have on-campus housing for students admitted to an alternate term.
3. Some campuses may offer additional housing guarantees for international students or students in specified programs (e.g., EOP, Honors, etc). See each campus housing office for more information.
4. Some campuses prioritize students with children for family housing.
