Terms & definitions

- Unauthorized immigrant vs. undocumented
- Daca-mented vs. dreamer
- UC identifies this population as Undocumented Students

Unauthorized immigrant (federally recognized term) vs. Undocumented

- “The unauthorized immigrant population is defined as all foreign-born non-citizens who are not legal residents, including naturalized citizens, persons granted lawful permanent residence, persons granted asylum, persons admitted as refugees, and persons admitted as resident nonimmigrants (i.e., students and temporary workers, as opposed to tourists) who have unexpired authorized periods of admission. Most unauthorized immigrants either entered the United States without inspection or were admitted temporarily and remained past the date they were required to depart.” Source: <https://www.dhs.gov/immigration-statistics/reporting-terminology-definitions#:~:text=unauthorized%20immigrant%20population%3A%20The%20unauthorized,and%20persons%20admitted%20as%20resident>

- An Undocumented person living in the U.S is a person who does not have legal status in the U.S. There is no specific country an undocumented person is a citizen of, they can be nationals of countries around the world.

Daca-Mented vs. Dreamer

- On June 15, 2012, the Secretary of Homeland Security announced that certain people who came to the United States as children and meet several guidelines may request consideration of deferred action for a period of 2 years, subject to renewal. They are also eligible to request work authorization. Deferred action is an exercise of prosecutorial discretion to defer removal action against an individual for a certain period of time. Deferred action does not provide lawful status.
- Dreamers are persons who may be beneficiaries of DACA or not. However, a dreamer can be best described as a person who is now living in the U.S with some protections or none but dreams of comprehensive immigration reforms. Lastly, dreamers use this term to escape umbrella terms and to find a notion of identity by being called a dreamer.

How the UC system Identifies this population

UC identifies these students as undocumented students. Note that, when referring to residency for admissions purposes, undocumented students are often referred as bona fide residents which means they are eligible for California residency for tuition purposes. While in our private lives we can refer to terms that favor politics or individual experiences but the University of California recognizes the term undocumented students for this population. At the UC system, the focus is to set a status for in-state tuition purposes for this population. The requirements will be listed in the coming slides as we will move to setting the tone in language to use this term in the remainder of the presentation.

Policy

AB 540 parameters and expansions

Under California law AB 540, certain nonresident students are exempt from paying nonresident supplemental tuition.

1. In 2014, AB 2000 expanded AB 540 to students who graduated early from a California high school with the equivalent of three or more years of credits
2. In 2017, SB 68 increased the scope of student eligibility to include students who are attending California adult schools or credit and noncredit courses at CCCs

Where is DACA now?

On July 16, 2021, a Texas federal court ruled that DACA is **illegal**. While appeals are pending, the original decision stands.

This means:

- Individuals who already have DACA or who want to renew their expired DACA can continue to do so.
- DHS can no longer grant **new** DACA protection to people requesting it for the first time.
- Current DACA recipients can **continue** applying for permission to travel outside of the United States through Advance Parole for humanitarian, educational and employment purposes.

Statement of legal residence question on UC application

As of the fall 2023 application cycle, the [Statement of Legal Residence](#) is now part of the UC application.

Citizenship & residency questions

- Country of citizenship = No selection
- Can enter US SSN or DACA SSN or ITIN or leave blank
- Respond to questions about graduating from a California high school

As of the fall 2023 application cycle, there is a new statement of legal residence section on the UC application.

These questions have moved from the Review and Submit section to the About You section.

Undocumented students should follow UC's guidelines, listed on the slide, when completing this section:

https://admission.universityofcalifornia.edu/counselors/_files/documents/slr-instructions-for-undocumented-students-august-2022.pdf

AB 540 designation

Statement of Legal Residence

- Evaluated for California residency for tuition purposes? Yes.
- Answer questions about physical presence.
- Answer questions on permanent home based on birth year.
- Special circumstances:
 - Select 'I believe that I qualify for an AB 540 nonresident supplemental tuition exemption, based on the number of years I have attended school in California.'

When students get to this section, they will see a series of questions and we'd like to provide some guidance that you can share with your students.

First, students will be asked if they would like to be evaluated for California residency for tuition purposes, they should select "YES" on this question.

Then, they should follow along and answer questions based on physical presence in California, permanent home based on birth year, and under the 'special circumstances' reason, select the choice that states: "I believe that I qualify...."

Financial aid and scholarships

Financial support

California Dream Act application

 - **AB 131:** Allows for grant money from the state (ex. Cal Grant)

Types of aid

- Grants
- Scholarships
- Work study
- Dream Loan Program (UC funded)

UC supports undocumented students and understands financial support is also important. UC recommends all undocumented students to fill out the CA Dream Act application in order to be considered for financial aid....

CA Dream Act App

1. The California Dream Act allows undocumented students, DACA recipients (valid or expired), U Visa holders and students under Temporary Protected Status (TPS), who qualify for a non-resident exemption under Assembly Bill 540 (AB 540), Senate Bill 2000 (SB 2000) and Senate Bill 68 (SB 68), to receive certain types of financial aid such as: private scholarships funded through public universities, state administered financial aid, university grants, community college fee waivers, and Cal Grants. In addition, the California Dream Act, allows eligible students to pay in-state tuition at any public college in California. Resource: [California Dream Act FAQ's](#)
2. Students should only complete either the FAFSA or Dream Act- both follow same timeline, opening in December this year and Due March 2nd

Work Study

1. Work study is a form of part-time employment (20 hours per week max) that is included in the financial aid package. Instead of a financial aid payment or reimbursement students will be paid by their campus affiliated employers.
2. Eligible undocumented AB 540 undergraduates can apply by submitting a California Dream Act application.
3. Funding is limited, there is no guarantee all students who apply will receive a work study award.

Dream Loan Program

- A. The DREAM Loan Program is funded by the UC and provides eligible undocumented AB 540 undergraduates the option to borrow a subsidized loan to help cover the cost of attending a UC.
- B. <https://admission.universityofcalifornia.edu/tuition-financial-aid/types-of-aid/dream-loan-program.html>
 1. Eligibility- Undocumented AB 540 undergraduates who have financial need and are enrolled at least half time at UC.
 2. Action Steps- Apply for financial aid by filling a California Dream Act application, this process repeats every year.
 3. The DREAM loan is optional. Students are encouraged to reach out to the campus financial aid office if they do not see the DREAM loan on their award letter.
