UC Dual Admission program updates and expansion

October 2, 2024

Agenda

- UC Dual Admission program overview
- Program updates and expansion
- Program offer and invites
- UC Transfer Admission Planner
- UC application updates
- Q&A

UNIVERSITY
OF
CALIFORNIA

UC Dual Admission program overview

Program background

Expand access

Support students from underrepresented backgrounds

Provide opportunities to students who may have experienced high school curriculum limitations, geographical constraints or financial challenges

In line with AB 132, the UC Dual Admission program is intended to increase access to the university for students, particularly those from underrepresented backgrounds and/or who are experiencing high school curriculum limitations, geographical constraints or financial challenges that can prevent an otherwise strong student from being eligible for UC first-year admission.

Program details

Who: First-year applicants who meet program parameters

What: Dual admission offer to a future term via the **Transfer Admission Guarantee (TAG)** program

When: Three initial cohorts will be identified beginning in spring 2023 through spring 2025 – each cohort will enter into a three-year agreement

- F23 first-year applicant = CCC student fall 2023 – spring 2026
- F24 first-year applicant = CCC student fall 2024 – spring 2027
- F25 first-year applicant = CCC student fall 2025 – spring 2028

Why: To increase access to the University of California

The UC Dual Admission program is an undergraduate transfer path targeted at select first-year applicants. Students in the program will receive a conditional offer of admission to UC and preliminary financial aid information. They will be required to attend a California community college to prepare for transfer to UC.

Who: First-year applicants who meet program parameters

What: Dual admission offer to a future term via the Transfer Admission Guarantee program

When: Fall 2023, 2024 and 2025 applicants. Will have access to Dual Admission services for three years. Three-year transfer agreement and they can transfer at any point during those 3 years (once requirements are met).

Why: To increase access to the university for students

Campus and major choice

The guarantee is with a campus that participates in the TAG program.

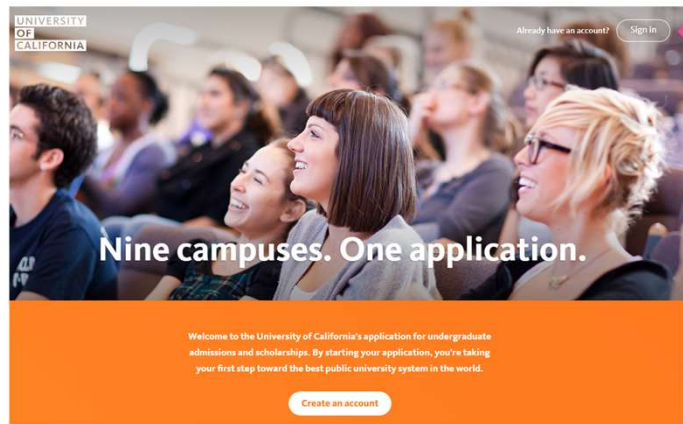

Plenty of major options are available including some of the most sought-after majors.

This is a systemwide program in terms of support for students, but the Dual Admission guarantee applies to the TAG campuses: Davis, Santa Cruz, Merced, Santa Barbara, Riverside and Irvine. There are plenty of major options available for students including some of UC's most sought-after majors.

How will students be identified to participate?

- Information from UC first-year application
- Emailed invite

Selected students will be identified by UC using information from the UC application. Students will receive an email with details about the program and will need to log into their UC application to see full details and accept the offer. Further details about the invitation and communication is in a later part of the presentation.

How are we supporting students?

Dual Admission students have access to:

- Support from UCOP, UC campuses, and other UC programs throughout their transfer journey
- An admission guarantee to one TAG campus after they opt in
- Transfer advising and communication through a UC TAP account
- UC Dual Admission resources for up to 3 years

Additional benefits include:

- Advising from the UCOP Dual Admission coordinator
- Access to UC libraries
- Invitation to transfer events
- Preliminary information about financial aid
- Waiver of application fee to the Dual Admission campus upon transfer

Students who opt into the Dual Admission program will have access to the following benefits:

- Advising from the Dual Admission coordinator who will facilitate their communication with campus and CCC advisors
- Access, where available, to libraries at the receiving and/or local UC campus
- Invitation to transfer events hosted by the receiving and/or local campus
- Preliminary information about federal, state and UC financial aid
- Waiver of application fee to the receiving campus upon transfer. (Note: Students who qualify for the income-based application fee waiver will also have the cost of application covered for up to four additional campuses.)

Central support from UCOP

- Fall and spring newsletter
- Event and webinar invites
- Informational videos
- 1:1 virtual appointments
- Campus referrals for campus-specific questions

UC Transfer Admission Planner (UC TAP)
UC Dual Admission - Video series

Dual Admission students have access to central support from the program coordinator at UCOP. Two newsletters a year and availability for virtual transfer appointments.

Dual Admission
site financial aid
information

Financial aid
calculators

Financial aid
programs

Other cost related
Services

Participants will be provided with communication that will refer them to the Dual Admission webpage. This site will have information regarding financial aid tools such as a financial aid calculator where participants can enter their family's financial information in order to get an estimate of what their net cost might be after financial aid. This site will also provide students with information regarding the different financial aid programs available to students attending UC, such as the Blue and Gold Opportunity Plan and the state funded Middle-Class Scholarship Program. In addition, participants will have access to information about campus tuition payment plans, financial wellness programs, and basic needs services.

Program updates and expansion

Established program criteria – first wave

To qualify, participants must:

- ✓ Be a California resident
- ✓ Be on track to graduate from a California high school
- ✓ Apply for first-year admission for the fall 2023, 2024, or 2025 term
- ✓ Not be admitted to any UC campus to which they applied
- ✓ Have at least a 3.0 UC GPA at the time of application
- ✓ Be missing one or more A-G subject requirements at the time of high school graduation

These parameters are in line with AB 132 request. Students selected to participate must meet all criteria.

CA residents for admission purposes - students that qualify for AB540 benefits will also qualify for this program.

We will use the UC GPA calculated on the UC application.

Expanding the program

UC is expanding the program to create more opportunities for students.

- A second wave of invitations will now be in place.
- The invite will be sent during the fall term, with the purpose to capture students enrolled at a CCC.
- Invited applicants would have met all UC Dual Admission program parameters except for missing one or more A-G requirement.

With this expansion, UC is expected to reach thousands more students in California.

This year, UC will expand the program to offer thousands of students Dual Admission.

Established program criteria – expansion

To qualify, participants must:

- ✓ Be a California resident
- ✓ Graduate from a California high school
- ✓ Apply for first-year admission for the 2024 or 2025 term
- ✓ Not be admitted to any UC campus to which they applied
- ✓ Have at least a 3.0 UC GPA at the time of application
- ✓ Have met A-G requirements

Students selected to participate must meet all criteria.

CA residents for admission purposes - students that qualify for AB540 benefits will also qualify for this program.

We will use the UC GPA calculated on the UC application.

Expanded pool would include students that did not respond to the first wave offer and expand to reach more students, including those that were potentially offered a referral option at UC Merced. If a student was offered admission to UC Merced through the referral pool but opted to enroll at a CCC, they qualify for Dual Admission. Students that enrolled at non-CCCs are not able to opt into Dual Admission.

Program offer and invites

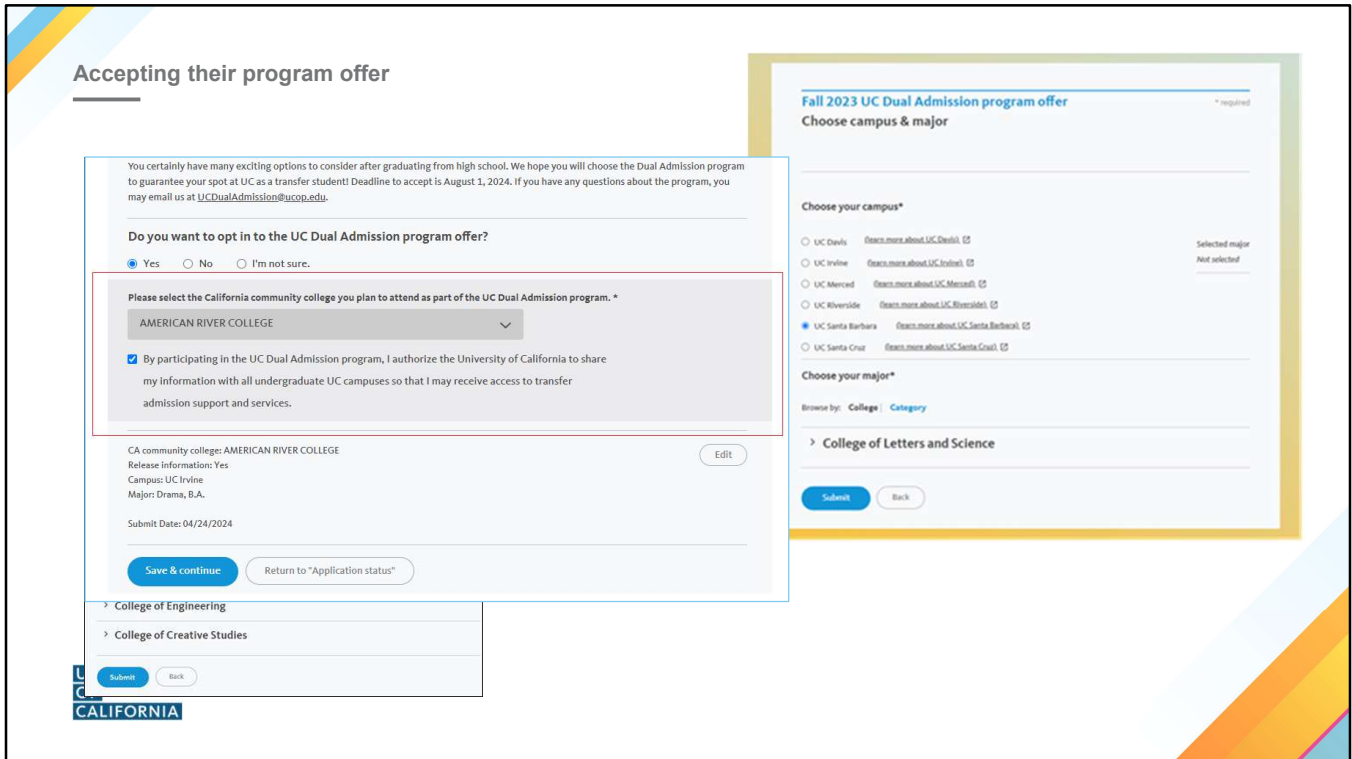

Program offer

UCOP will continue to lead the program and email selected applicants to join the program.

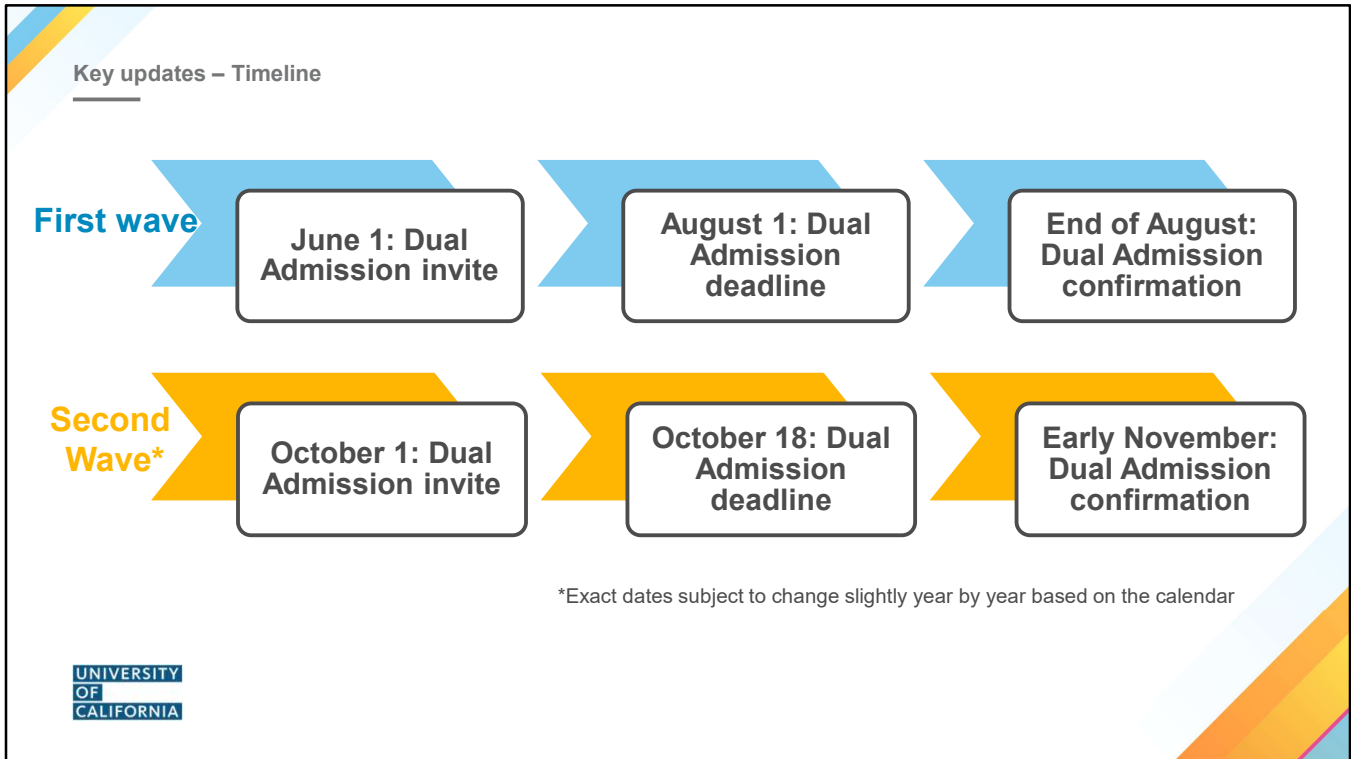

- If students meet the program parameters, they will receive an invite via email.
- They will need to log back into their UC application to view program details and accept their offer.

If a student selects that they DO want to accept the program offer, they will be asked to select their UC campus.

After the campus is selected, they must select the major.

New questions added this year will also ask students to identify the CCC they plan to attend (non-binding – can be updated later). Students will also be asked to release their information so that UC campuses can reach out to them to offer transfer admission support and advising.

First wave:

- June 1 – Dual Admission invite
- August 1 – Dual Admission deadline to accept
- End of August– Dual Admission offer letters provided by selected Dual Admission/TAG campus

Second wave:

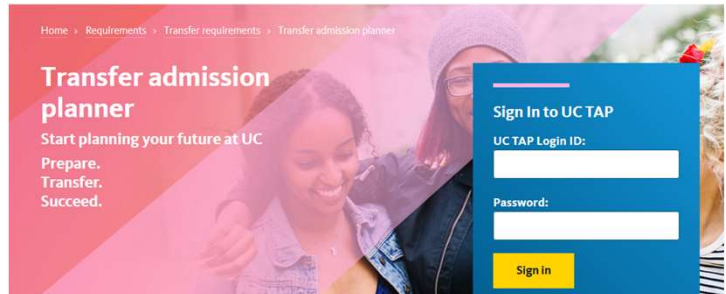

- October 1 – Dual Admission invite
- October 18 – Dual Admission deadline to accept
- November 1 – Deadline for students to create UC TAP (if they don't already have a UC TAP) (Info on next slide)
- Early November – Dual Admission offer letters provided by selected Dual Admission/TAG campus

UC Transfer Admission Planner account

UCOP will use the UC TAP to communicate with students:

- Announcements
- Reminders and updates
- Student tracking on UC TAP

Dual Admission students invited to the expansion will be asked to create their UC TAP by November 1.

<https://uctap.universityofcalifornia.edu/students/>

UC TAP and UC Dual Admission

UC TAP optimized for Dual Admission students

We will pre-populate certain information for students based on their opt-in choices:

- **Campus and major**

Students will have access to:

- Review Dual Admission requirements
- Review change of major options
- Opt out of the program

Welcome to UC TAP, Melissa

UC Dual Admission program participation

You have agreed to participate in the [UC Dual Admission program](#). Through the UC Dual Admission program, you have through the **Fall 2026** transfer term to submit your [Transfer Admission Guarantee \(TAG\)](#) to your UC Dual Admission program campus choice of [UC Davis](#). If you do not wish to participate in the UC Dual Admission program to UC Davis, you may [opt out](#) of the program you originally selected **Managerial Economics** as your UC Dual Admission program major. If you have since [changed it](#) to **Linguistics**.

UC Dual Admission program news

Welcome to the UC Dual Admission program!

Please contact us with any questions and remember to accept your offer.

[FAQ link](#)

Thank you,

The University of California Dual Admission program
UCDualAdmission@ucop.edu

Melissa's Transfer Admission Planner

- About me
- Personal Information
- Demographic Information
- Support program involvement
- Account settings
- My academic history
- Schools attended
- Coursework
- Exams
- My transfer plan
- Where and when I plan to transfer
- Apply for a Transfer Admission Guarantee (TAG)
- Apply for transfer admission
- Messages
- Record Review

Key filing dates and deadlines

[Transfer Admission Guarantee \(TAG\)](#)

Students will be required to create a UC TAP account using the same email address used for the UC application.

If students used an email address (such as a high school email address) they can and should change it on the UC application.

UC TAP major change

- Language encourages students to contact their Dual Admission campus for advising before making a change
- Major changes limited to what is available through TAG

UNIVERSITY
OF
CALIFORNIA

UC Dual Admission program major change

You may change your Dual Admission major to a different TAG major at **UC Riverside**, but please note that the major preparation requirements may also change. We recommend you reach out to **UC Riverside** to learn more about what a major change could mean for you. Changing your major may impact the time it takes to transfer to **UC Riverside** as you may have new course and GPA requirements to complete.

To change your Dual Admission major, select from the following list:

UC Riverside TAG majors:

Linguistics

Note: Some majors may not be available as part of the TAG even if they are available through a standard transfer application.

Change Major

Back

UC TAP – TAG application

Dual Admission campus choice and major will pre-populate.

Students will then need to confirm:

- Current CCC
- Term and year

*Winter/spring options only for those that accept winter/spring TAGs

The screenshot shows the 'Apply for a Transfer Admission Guarantee' page. It includes a navigation menu on the right with links like 'About me', 'Personal information', 'Demographic information', 'Support programs', 'Account settings', 'My academic history', 'Schools attended', 'Coursework', 'Exams', 'My transfer plan', 'Where and when I plan to transfer', 'Apply for a Transfer Admission Guarantee (TAG)', 'Apply for transfer admission', 'Messages', and 'Record Review'. The main content area has a heading 'Apply for a Transfer Admission Guarantee' followed by introductory text. Below that is a section titled 'TAG term & campus choice' with a sub-heading 'TAG term & campus choice'. It contains three dropdown menus: 'Your current California Community College:' (set to ALLAN HANCOCK COLLEGE), 'Indicate the term and year you plan to transfer:' (set to Fall 2026), and 'UC TAG campus to which you plan to apply:' (set to Riverside). A 'TAG Status' box on the right indicates 'Fall 2026: UC Davis Started - Not Submitted'.

Current CCC – if student attends multiple colleges, indicate CCC where they will earn most of their units

If a student decides they would like to TAG to a different UC, they will need to opt-out of Dual Admission and then the TAG form will allow them to pick a different campus.

Dual Admission requirements and TAG checklist

Students are referred to UC TAP to view exact requirements.

- TAG checklist will display requirements and deadlines based on the term and year a student plans to submit the application
- Students are held to their opt-in TAG requirements

UC Riverside

Chosen Dual Admission major: Linguistics

You selected **Linguistics** as your UC Dual Admission program major but you may [change it](#) prior to filing your TAG.

UC Riverside TAG Checklist - Fall 2026:

You must agree to these campus-specific requirements in order to submit your TAG application.

- I have reviewed the [UC Riverside TAG requirements](#).
- I have completed 30 semester/45 quarter UC-transferable units by the end of summer 2025.
- I have completed the First English Composition (UC-E) with a grade of "C" or better or will have completed by end of fall 2025.
- I will complete a second UC-transferable English composition course with a grade of "C" or better by the end of spring 2026.
- I have completed one UC-transferable (UC-M) mathematics course with a grade of "C" or better OR will complete by the end of fall 2025. This criteria applies to non-selecting majors.
- Selecting majors (all majors in BCOE, CNAS, School of Business, Business Economics, Economics, Neuroscience, and Psychology in CHASS) must complete all required major preparation UC-transferable math (UC-M) by end of fall 2025. See [assist.org](#) for selecting major preparation.
- At the time of TAG submission, I certify that I have earned the minimum required GPA for my intended major: 2.80 for College of Humanities and Social Sciences, except for 3.30 plus major preparation for Psychology, 3.30 for Theater, Film, and Digital Production, 3.00 plus major preparation for Bourns College of Engineering except for 3.10 plus major preparation for Mechanical Engineering, 3.30 plus major preparation for Computer Engineering, 3.30 plus major preparation for Computer Science w/ Business Applications, 3.60 plus major preparation for Computer Science, 2.80 plus major preparation for College of Natural and Agricultural Sciences, 2.7 for Graduate School of Education, 2.7 for School of Public Policy, 2.8 plus major preparation for School of Business.

The TAG checklist available on UC TAP is where students can see the full requirements for their agreement. Details can include GPA, major prep requirements and specific deadlines. The TAG checklist displays requirements based on the term and year a student plans to submit their application. For example, a student who wants to apply fall 2026 would see deadlines specific to a fall 2026 entry as pictured in the screen shot.

One of the key questions we have gotten is “how is this program different than TAG” and the answer is that they are very similar, but with Dual Admission, students know their requirements as soon as they opt in while with regular TAG, the requirements can change each year. This is what we mean by “students are held to their opt-in TAG requirements”.

UC TAP for counselors

UC Transfer Admission Planner (UC TAP) overview

CCC counselors have UC TAP access to:

- Review student coursework
- Send messages
- View reports

If you don't have an account, request one today!

The screenshot shows the UC TAP website interface. At the top is a blue navigation bar with the University of California logo and links for Admissions, Requirements, How to apply, Tuition & financial aid, and Campuses & majors. Below the navigation bar is a breadcrumb trail: Home > Requirements > Transfer requirements > Transfer admission planner - counselors. The main heading is "Community College Counselors". Below this is a welcome message: "Welcome to the Transfer Admission Planner (UC TAP). The UC TAP tool is designed to facilitate advising and communication between you and your students seeking UC transfer." A section titled "Why use UC TAP?" lists three benefits: 1) You can easily view all coursework completed and planned at every institution the student has attended - if the student has kept the planner up-to-date. 2) The planner calculates preliminary units, GPA, and completion of the 7-course pattern to inform your advising with a student. 3) You can communicate with individual students, as well as send notifications and reminders to specific subgroups of students. On the right side of the page, there is a login box for "Returning Counselors" with fields for "UC TAP Login ID:" and "Password:", a yellow "Sign in" button, and links for "I forgot my: login ID · password" and "New to UC TAP? Create an account now!".

Here are some benefits to using the planner:

- You can easily view all coursework completed and planned at every institution the student has attended - if the student has kept the planner up-to-date.
- The planner calculates preliminary units, GPA, and completion of the 7-course pattern to inform your advising with a student.
- You can communicate with individual students, as well as send notifications and reminders to specific subgroups of students.
- The planner gives you needed evaluation tools to work with TAG students and participating UC campuses.

UC TAP home page news widget

UC Dual Admission widget managed by UCOP. This can be found below college specific news and information.

Widget may contain:

- General messages
- Updates
- And links to resources

A mockup of a news widget on the UC TAP home page. It features a blue header with the University of California Admissions logo. The main content area is white and contains a welcome message to a user named Melissa, along with information about a program expansion and a webinar. The footer includes the program name and an email address.

UNIVERSITY OF CALIFORNIA Admissions

Welcome to UC TAP, Melissa

UC Dual Admission Counselor News

Greeting colleagues!

We recently welcomed our newest UC Dual Admission cohort and they should begin appearing in your UC TAP reports as they reate their UC TAP account.

As mentioned during Virtual ETS, **a program expansion is coming!** To learn more about the expansion, join us Wednesday, October 2 at noon for a webinar. Details can be found online on our CCC webinars page: <https://admission.universityofcalifornia.edu/counselors/events/ccc-webinars.html>

If you are unable to join us live, we will post the session recording by the end of the week.

We appreciate your collaboration and thank you for your continued partnership.

The University of California Dual Admission program

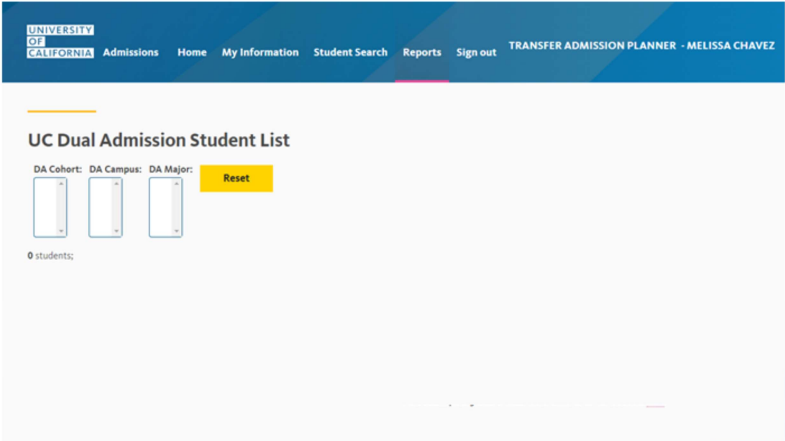

UCDualAdmission@ucop.edu

The Dual Admission program has a widget on UC TAP. This is where UCOP can post messages and information about the Dual Admission program along with links to resources.

UC TAP – UC Dual Admission report

A report is available on UC TAP.

Counselors can view UC Dual Admission students that have identified their community college as their primary college.

The screenshot shows the UC TAP interface for the UC Dual Admission Student List report. At the top, there is a navigation bar with the University of California logo and links for Admissions, Home, My Information, Student Search, Reports, and Sign out. The user is identified as MELISSA CHAVEZ, a TRANSFER ADMISSION PLANNER. Below the navigation bar, the report title "UC Dual Admission Student List" is displayed. There are three dropdown menus for filtering: "DA Cohort", "DA Campus", and "DA Major", each with a small arrow icon. To the right of these menus is a yellow "Reset" button. Below the filters, it indicates "0 students:" followed by a table that is currently empty.

UNIVERSITY OF CALIFORNIA

A report is available on UC TAP with UC Dual Admission data. If students participating in the UC Dual Admission program are enrolled at your college, they will appear on this report. If the report is blank, no student at your college is on the UC Dual Admission cohort list. If a student attends multiple CCCs, the college the student designates as their “primary” college will be used as their college. The reports generated can be extracted as an excel file. ALL counselors have access to this report.

With the second cohort incoming, you’ll be able to sort by DA cohort.

Additionally, in the ADMIN area (meaning these are only available to counselors with “Admin” permissions), the three parameters mentioned above (DA Cohort, DA campus, and DA major) have been added to the “Mass Student Email Messaging” tool and WILL BE added to the “TAG Claim Assignment” tool. These parameters will populate once we have actual students in the system.

As a reminder, as always, you can contact the UC TAP team directly via the “Contact Us” or “Feedback” channels on the site.

UC TAP – Student review profile

Details about UC Dual Admission appear in a student's profile if they are program participants.

My Transfer Plan

Term and year you plan to transfer: Fall 2025

Dual Admission program participant through fall 2026 to UC Davis

UC Campus(es) to which you might be interested in transferring

Campus:	Major:
Davis	Animal Science
Irvine	Biological Sciences

UNIVERSITY
OF
CALIFORNIA

On the student review profile, the following displays if the student has opted in (ALL counselors see this).

Dual Admission UC application updates

Two step process to apply once students are ready.

Step 1: Submit **TAG application** through the UC TAP

Step 2: Submit the **UC application** by the filing deadline

The first UC Dual Admission cohort may be getting ready to apply for admission. In case any of those students reach out to you for guidance, they should review their requirements by looking at the UC TAP, under TAG checklist. Once they confirm they are on track, the first step will be to submit their TAG application via UC TAP during the September 1-30 filing period. Then, they will need to submit their UC application by the November 30th deadline.

We would recommend students in the first cohort to check in with their Dual Admission campus in order to best prepare for the application process. UCOP is available to support with general questions as well.

Campuses & majors
Choose majors

You'll need to choose a major for each campus you're applying to.

If you're a freshman applicant and aren't sure what you want to major in yet, you can choose "Undecided" or "Undeclared."

What's an alternate major?

An alternate major is your second choice major. Although choosing an alternative major is optional, it's a good idea to select one if it's available at the campus you're applying to, if a campus is unable to offer you a place in your primary major, they may consider you for your alternate major.

Campus *	Major *	Alternate major
UC Berkeley	<input type="button" value="Choose major"/>	<input type="button" value="Choose alternate major"/>
UC Davis	Environmental Horticulture and Urban Forestry, B.S. (Dual Admission)	No alternate major
UC Irvine	Biological Sciences, B.S. Edit Delete	<input type="button" value="Choose alternate major"/>
UCLA	<input type="button" value="Choose major"/>	<input type="button" value="Choose alternate major"/>

Save & continue

These enhancements will be in place when your students apply to UC. On the Choose campuses page, the Dual Admission campus is pre-authorized and cannot be unselected. Applicant can select additional campuses. The major for the Dual Admission campus is pre-authorized and cannot be changed. This will reflect the major the student submitted a TAG application for.
