NEW: Statement of legal residence (SLR)

Statement of legal residence
• Moved from ‘review and submit’ area to ‘about you’
• Most questions have not changed, only placement of questions has changed
• SLR section includes more detailed language about residency qualifications
• Change allows residency to be determined for majority of students at time of application

Undocumented students should:
• Choose ‘yes’ to be evaluated for CA residency for tuition purposes
• Choose ‘yes’ to questions about physical presence in CA, attendance at a CA high school, and establishing CA as a permanent home
• Choose ‘unknown’ to questions about Parent 1/2 physical presence in CA and U.S. citizenship status
• Choose ‘I believe that I qualify for an AB 540 nonresident supplemental tuition exemption based on the number of years I have attended school in California’ in the Special Circumstance, Nonresident Supplemental Tuition Exemptions, and Tuition Waivers section
SLR for undocumented students

The University of California’s Statement of Legal Residence is made up of three parts: Physical presence, intent to remain in California, and immigration status.

1) Physical Presence - You and your parents must be physically present in California for more than 365 days immediately prior to the residence determination date. If you moved to California primarily to attend the University of California or another school, you are ineligible for a Resident classification for tuition purposes.

2) Intent to remain in California - You and your parents must have established your intent to make California your permanent home for more than 365 days immediately prior to the residence determination date and must have relinquished ties to any prior place of residence outside of California. Please read the UC Residence Policy and Guidelines to learn more about how to document your intent to remain in California.

3) Immigration status - You and your parents must be citizens or permanent residents of the United States, or be present under a valid I-94 for an eligible visa, and have held that immigration status for more than 365 days prior to the residence determination date.

In some cases, applicants who do not satisfy all three parts above may qualify for a Special Circumstances, Exception, or Waiver provision (such as an AB 540 nonresident supplemental tuition exemption) and will be asked to submit additional supplemental information at a future date. A full list of exemptions and waivers can be found in the UC Residence Policy and Guidelines.

Please note: Even if you were previously classified as a resident in another system, you will still need to meet the University of California's classification requirements.
