California Community Colleges

Welcome & agenda

- UC Dual Admission background
- Implementation and invite process
- First cohort details and status
- UC TAP enhancements
- Q&A

UC Dual Admission background: AB 132

Assembly Bill 132

The UC Dual Admission program is intended to increase access to the university for students, particularly those from underrepresented backgrounds and/or who are experiencing high school curriculum limitations, geographical constraints or financial challenges that can prevent an otherwise strong student from being eligible for UC freshman admission.

How is UC implementing this program?

Who: Ineligible freshman applicants

What: Dual admission offer to a future term via the Transfer Admission Guarantee

When: Three initial cohorts will be identified starting with fall 2023 applicants, and each cohort will enter into a three-year agreement

Why: To increase access to the University of California

Established program criteria

UC Dual Admission parameters:

- ❑ California residents
- ❑ On track to graduate from a CA high school
- ❑ Apply for freshman admission for the fall 2023, 2024, or 2025 term
- ❑ Not be admitted to any UC campus to which they applied
- ❑ Have at least a 3.0 UC GPA at the time of application
- ❑ Be missing one or more A-G subject requirements at the time of high school graduation

Benefits and support for Dual Admission students

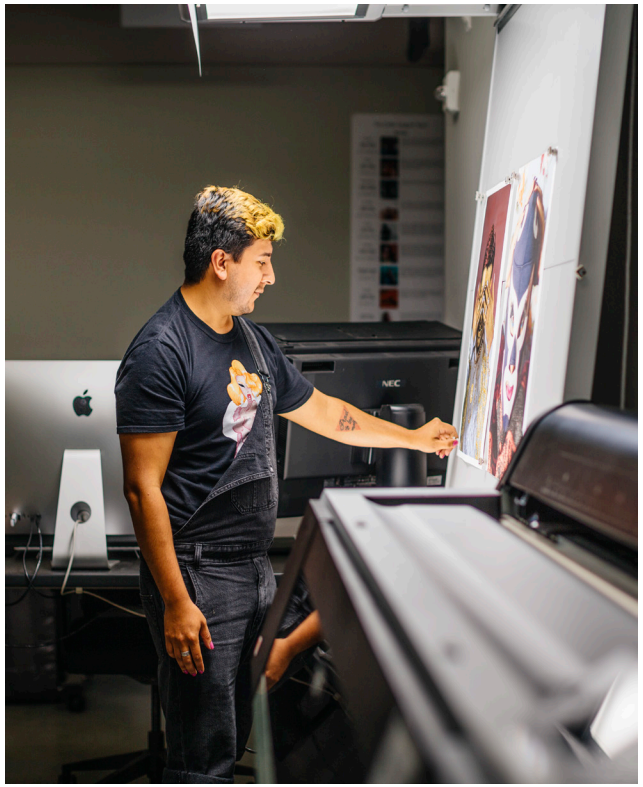
- Support from UCOP, UC campuses and other UC support programs
- An admission guarantee to one TAG campus
- Transfer admission advising and communication through a UC TAP account
- Access to UC Dual Admission resources for up to 3 years
- Preliminary information about financial aid

Student messaging – Invites and follow-up communication

Offers are sent via email and students are directed to their UC application for further details.

When accepting an offer, students must select:

- A participating UC campus — TAG based
- A major from the available options at their chosen campus



First cohort: Details and status

Campus	Davis	Irvine	Merced	Riverside	Santa Barbara	Santa Cruz	Total
Cohort size	37	84	2	14	32	13	182

Fall 2023 -2026 cohort

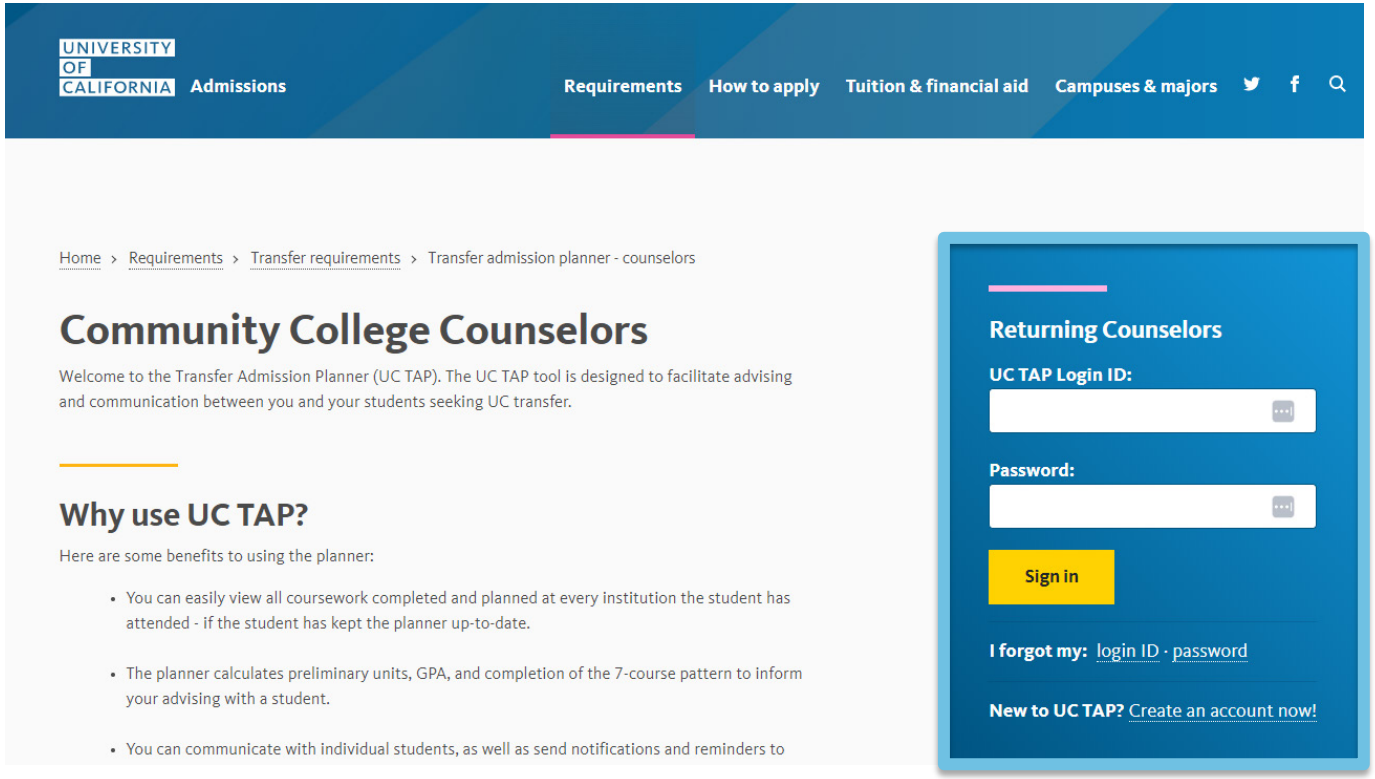
- Invites were sent in late April and students had until June 1 to opt in
- Communication to students included emails, a post card, text messages and a live webinar
- Our first cohort is enrolling at a California community college and working towards meeting Dual Admission/TAG requirements

UC Transfer Admission Planner

CCC counselors have UC TAP access:

- Review student coursework
- Send messages
- View reports

If you don't have an account, request one today!

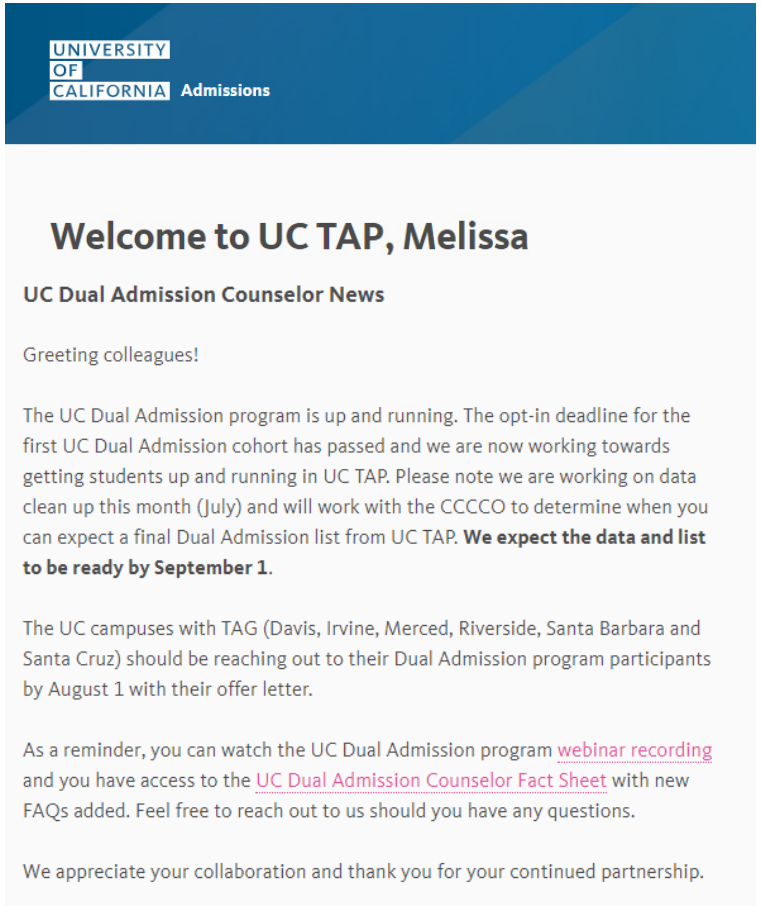


UC TAP home page news widget

New UC Dual Admission widget managed by UCOP. This can be found below college specific news and information.

Widget may contain:

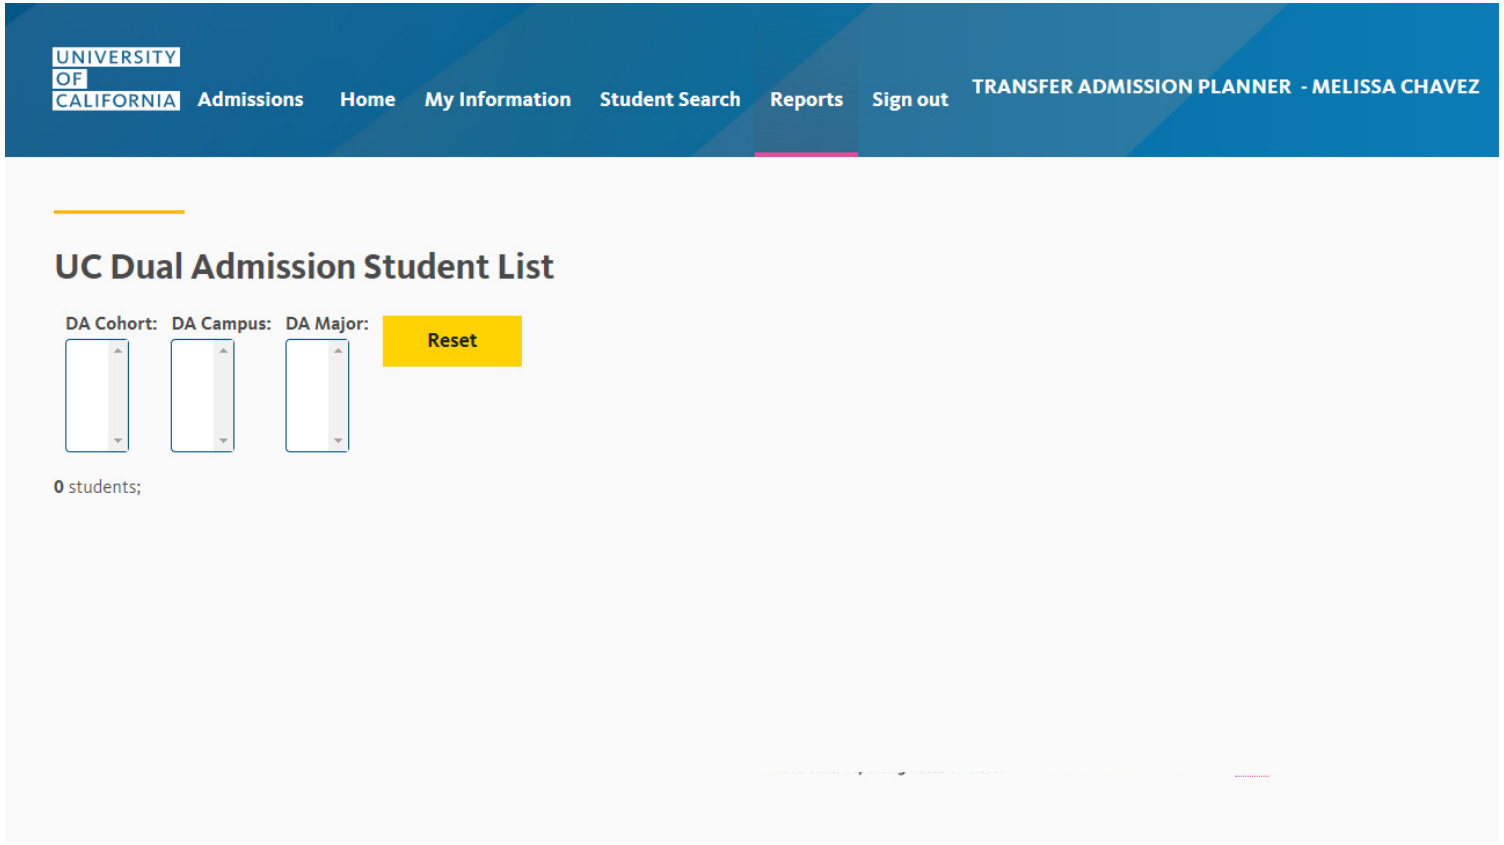
- General messages
- Updates
- And links to resources



UC TAP – UC Dual Admission report

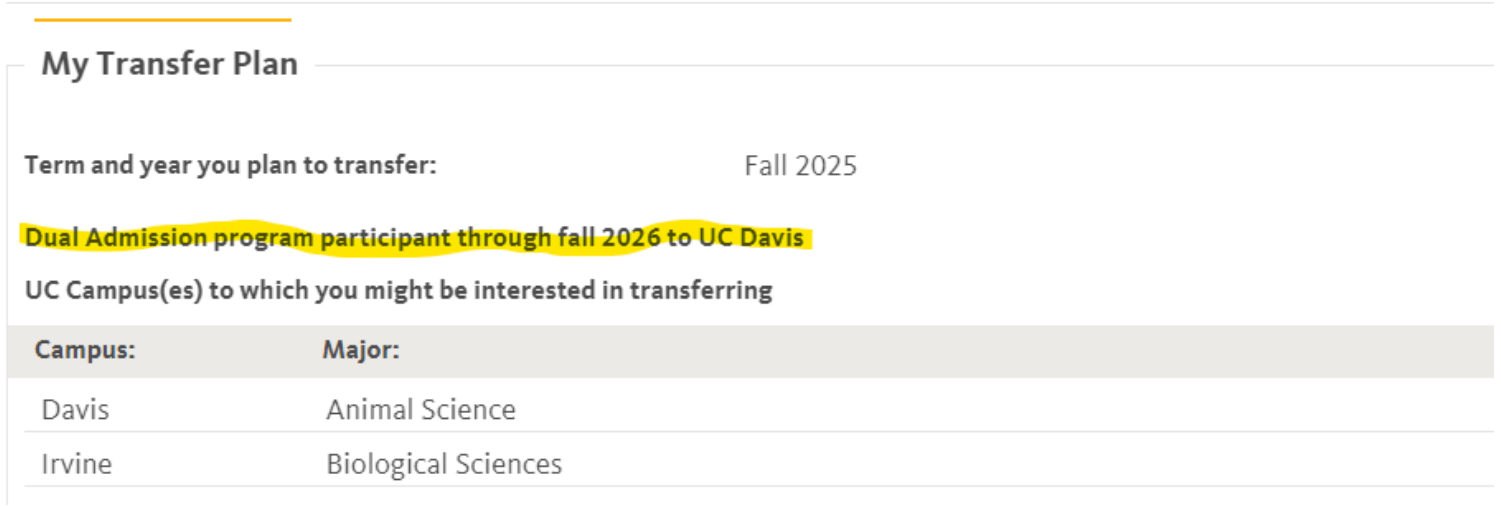
New report available to you on UC TAP.

Counselors can view UC Dual Admission students that have identified their community college as their primary college.



UC TAP – Student review profile

Details about UC Dual Admission will now appear in a student's profile if they are in our cohort.



My Transfer Plan

Term and year you plan to transfer: Fall 2025

Dual Admission program participant through fall 2026 to UC Davis

UC Campus(es) to which you might be interested in transferring

Campus:	Major:
Davis	Animal Science
Irvine	Biological Sciences

Collaboration with the CCCs

- A college contact is identified for each CCC*
- The contact is responsible for:
  - Ensuring participating students have their CCC fees waived
  - Ensuring participating students' comprehensive education plan (SEP) indicates program participation
  - Sharing program information received from UC with colleagues
