Presenting yourself on the UC application

Transfer

2023–2024
Prepare to apply
This is a screen shot of the application showing the locations of the nine undergraduate campuses available for freshman or transfer admission. The map will display dependent on the resolution and screen size of the computer or mobile device.

The UC is one of the largest university systems in the world offering undergraduate and graduate programs on campuses located across the state. Applicants are encouraged to apply to more than one UC campus. This will significantly increase your chances of being admitted to the UC system. While you may not receive an offer of admission from your first-choice campus, all of our campuses — without exception — provide outstanding opportunities for you to learn and grow.

Additional notes for reference:
Campuses with medical centers:
UC Davis
UC Irvine
UCLA
UC San Diego
UC San Francisco

Campuses with schools of law:
UC Berkeley
UC Davis
UC Irvine
UCLA
UC College of the Law, San Francisco (formerly known as UC Hastings)
The UC application and admission process is a year-long cycle. Applicants may submit only one application per term. The UC application timeline is shown above. Please note that UC does not offer early action or early decision.

**August 1:** The UC application opens.
*Presenter note: Some campuses may accept winter/spring applications for transfers. That application typically opens July 1 and is due by July 31.*

**September 1 – 30:** Transfer applicants interested in TAG must submit a TAG application between September 1-30. They must also submit a UC application during the filing period. TAG campuses include: Davis, Irvine, Merced, Riverside, Santa Barbara and Santa Cruz.

**October 1 – November 30:** UC students can submit applications beginning October 1. The deadline remains November 30. Applicants are not considered on a first-come, first-serve basis, so applicants should take their time in filling out the application thoroughly before submitting.

**December – March 2:** All students should submit a Free Application for Federal Student Aid (FAFSA) or a California Dream Act Application (CADAA). The majority of students at UC receive financial aid and scholarships. We'll cover that in more detail later in this presentation. Campuses use information from the FAFSA and CADAA for both admission and scholarships. *Note: The release date for the redesigned FAFSA in December 2023 has not yet been released.*

**January 31:** Transfer students who apply for fall admission will be asked to update their applications through the UC Transfer Academic Update (TAU) process by the end of January. Once they log in to their application, they will be able to give UC their final grades from the previous fall, as well as a list of all courses in progress or planned for winter and/or spring. All students must submit a TAU, even if not enrolled in any courses in the spring term. The priority submission deadline is January 31. The Transfer Academic Update form is open until March 31. Failure to submit the form may jeopardize a student’s chances of admission.

**April:** Transfer admission decisions are released throughout the month of April. Campuses do not all release decisions on the same day, but will have all transfer decisions released by April 30.

**June 1:** This is the deadline for transfer students to submit the Statement of Intent to Register (SIR). Students must submit the SIR by that date in order to ensure a place on campus in the fall. Students may only SIR to one UC campus. The SIR deposit is $250 (eligible students can have their SIR deposit fee deferred until the fall). *Presenter note: Anyone admitted at a later time (e.g., admitted from the waitlist) will have a different corresponding SIR deadline.*

**July:** Campuses use self-reported information to admit students, so UC does not require (nor want) students to submit any transcripts when they apply for admission. Instead, UC will ask for official transcripts only for admitted students who have submitted their SIR by June 1. Official transcripts for all institutions attended are due July 1, with AP/IB exam results and other certifications (such as IGETC) due by July 15.
Before you start

• Consider your major and campus options
• Get an unofficial copy of your transcripts
• Write your responses to the Personal Insight Questions (PIQs)
• Create a document outlining all your activities, awards and work/volunteer experience beyond your community college coursework

Begin preparing for the application now – don’t wait until October or November!

Students should research the campuses now and apply broadly across the system.
• Learn about the majors offered and all the types of courses needed to earn the UC degree to be fully informed about graduation requirements and plan how long it may take to graduate.
• Some majors have different names across the system and may be located in different departments.
• Some majors are not open for every term.

Gather materials that will be needed: transcripts/academic records, list of current and planned courses, awards and honors, volunteer program timelines and hours, employment timeline and hours, etc. These should focus on what you have done after graduating high school, but think broadly about your life and experiences outside of your community college. Include work experience, family responsibilities, community activities, etc.

• Note: Official transcripts should not be sent with your UC application. Your UC application will be reviewed using the self-reported academic history you have provided.

Responses to the personal insight questions are important.
• Write responses early; refer to UC’s online resources for writing tips, a worksheet and a video to help get started.
  • https://admission.universityofcalifornia.edu/how-to-apply/applying-as-a-transfer/personal-insight-questions.html
Application integrity

Applicants must complete the UC application thoroughly and accurately.

This includes:
• Academic history
• Activities, awards, work experience and community service
• Personal Insight Questions

Did you know?
All applicants must agree to the Statement of Application Integrity in order to submit the UC application. This acknowledges that the information reported in the UC application was done so by the student and is accurate.

UC does verify information reported in the UC application. Honesty is the best policy.

Students must thoroughly complete all sections of the application and do so accurately. This is the student’s opportunity to tell the admission staff about personal details that make each applicant unique.

Accuracy of Details:

• **Academic History**: MUST be accurately reported— all enrollment, every school/college, all courses and grades (even especially if a course was repeated). If a student accepts an offer of admission, UC requires official academic records to verify the information reported.

• “Additional Comments” box in the Academic History section can be used to provide detailed information or explanations about specific academic issues – declining grades, course selection issues, etc.

• **Activities/Awards**: Applicants should not exaggerate or fabricate awards or activities because the information submitted is subject to verification.

In fact, UC does verify information that students report on the application. It is critical that students do not misrepresent or falsify information, as this is a serious offense and will result in serious consequences. Honesty is the best policy.

View the Statement of Application Integrity at https://apply.universityofcalifornia.edu/docs/StatementOfIntegrity.pdf
Various application resources can be found on the UC admissions website and on the UC application website.

**UC admission website:** https://admission.universityofcalifornia.edu/
**UC application website:** https://apply.universityofcalifornia.edu/my-application/login
Transfer admission
While there may be a few options to transfer to UC before reaching junior status, most UC campuses are primarily looking for junior-level transfer applicants. Transfer students meet requirements in 3 areas to meet minimum UC junior-transfer requirements: a specific pattern of courses, a minimum number of units, and a minimum GPA. These requirements must be completed by the last regular term prior to transfer.

**Courses:**
UC will first review your courses to verify you’re meeting the seven-course pattern. We will go into detail in the next slide, but know that these 7 courses are required; however, in order to meet the unit requirement, you’ll need more than these 7 courses. The rest of your courses can come from general education courses or from courses that prepare you for your major, or both!

**Units:**
- Complete 60 semester (90 quarter) units of UC-transferable college credit. This is about two years’ worth of full-time study but can be less if a student has dual enrollment college credit or AP/IB/A-level exam scores.
- No more than 14 semester (21 quarter) units of the required 60 units may be taken Pass/No Pass, unless the student is transferring from a college or university that awards only pass credit.

**GPA:**
- Students must have a transferable GPA of at least 2.4 (2.8 for nonresidents).

*Notes for the presenter:*
- The 7-course pattern may be completed with a Pass/Credit/ Satisfactory grade if such designations are equivalent to a letter grade of C (2.0) or better
- All students must be in good academic standing (2.0 GPA or better) at the last institution of attendance and at any previous UC campus where the student was enrolled in a regular term (e.g., fall, winter, spring).
Meeting the minimum transfer requirements alone is generally not enough to be a competitive applicant for selection.

Competitive students will not only have all required major preparation completed but will also have as many recommended major preparation courses completed as possible. Major preparation coursework may be required by each campus for your intended major. Major preparation is important not only for admission, but to ensure that you are prepared for a successful transition into that major once at UC.

You can view UC’s Transfer Pathways for a roadmap to some of the more popular majors. However, it is important that you check with the campuses you are interested in applying to in order to learn which majors are selective at the transfer level and what courses are recommended/required for admission to your intended major.

Many majors are highly selective, with average GPAs for admitted transfer students above a 3.0. In these cases, the GPA (overall and in the major) become important factors in selection.

Finally, IGETC is NOT an admission requirement. However, some majors at some campuses may encourage students to complete IGETC certification prior to UC enrollment. Some campuses may not accept IGETC, or may not accept partial IGETC.

Students should stay in regular contact with UC campus admission representatives for current information on selective majors, and how students can best prepare to be competitive candidates. Campuses use multiple factors when selecting students. The way in which campuses select students varies, and it is to the student’s advantage to include as much information as possible on the application. Admission representatives want to know about the experiences, accomplishments, and challenges of every applicant.

Each campus will complete their own individual review of the application independently of one another, which means that they’re going to review the information in the application and select students without asking what the other campuses have decided. Berkeley will not call Los Angeles and ask if they have admitted a certain student. Each campus selects students independently.
As with first-year admission, campuses are looking for well-qualified transfer students who have taken advantage of the educational opportunities presented to them both inside and outside of the classroom.

It is important to note that this is not a checklist. Students may meet multiple criteria of comprehensive review, but these are considered by campuses within the context of the entire application rather than as a rank or point system.

There are comprehensive review factors campuses may use to review transfer students. These include a range of factors in three major categories: Academic accomplishments, co-curricular activities, and additional information.

The faculty-approved comprehensive review factors for transfers include:

- 7-course pattern
- Major preparation
- Grade point average
- Participation in honors courses or programs
- Special talents, achievements and awards
- Complete of special projects
- Academic accomplishments in light of life experiences and special circumstances
- Location of the college and your residence
- Completion of a UC Transfer Pathway or associate degree for transfer (ADT)

These factors are intended to help readers gain more insight into the academic and personal context of students in their own environment.
Starting the UC application
Browser recommendations
The UC online application functions with the following browser versions: Chrome 114 or newer, Edge 114 or newer, Firefox 114 or newer, Safari 16 or newer.

JavaScript and cookies
Our application uses JavaScript web page functionality and requires cookies. Please make sure JavaScript and cookies are enabled on your browser.

Security
Because it's important to protect the information you provide, the online application is extremely secure — so secure, in fact, that older browsers are not equipped to handle our level of encryption. Please download one of the browser versions listed above to ensure maximum security.

Responsive
The application is mobile friendly so you can use your tablets and other devices.

20-minute timeout for security
After 20 minutes of inactivity, the system will time out.

Character counts
All descriptions and PIQ responses have character or word counts to show remaining available space.

Save and Continue
In order not to timeout, you will need to click save and continue. If you do not, any information you’ve entered since the last save will be lost.
Create an account

Email
You will continue to use this email throughout the UC application process, so be sure to choose an email that you use frequently.

Password
Keep your password secure. It must include:
• Uppercase and lowercase letters
• A number
• A special character

Start your UC application at https://apply.universityofcalifornia.edu/my-application/login

Create your account
• New users must enter a unique e-mail address and password
• Students should use an email account they will check after finishing at their current college (preferably not a school email address)
• Applicants will use this same account if they apply again in the future
• If the student’s family has multiple applicants or has future applicants, different e-mail addresses must be used for each applicant
• Passwords must be at least eight characters (and must include a combination of uppercase and lowercase letters, numbers, and symbols/special characters)
• Create a secret question/answer combination that will be easily remembered
• Be sure to keep login information safe
• Once “Create a New Account” is complete, an email confirming the start of your application will be sent
• Campuses use email to send critical, time-sensitive correspondence to applicants, so provide an email address that is checked regularly and will be kept until enrolling at a four-year university
• Remember to adjust email filters to accept mail from UC addresses

Log in
• First-time users start by clicking “Create a New Account”
• On return visits, enter email and password information under “Sign In”
Creating the application

When do you hope to start at the University of California? *
- Fall Quarter/Semester 2023
- Winter Quarter/Spring Semester 2024
- Spring Quarter 2024
- Fall Quarter/Semester 2024

Your application level: *
- Freshman
  - I'm currently in high school.
- Transfer
  - I've graduated from high school, but have not enrolled in a regular session (non-summer) at a college or university.

Please select what type of transfer applicant you are based on the number of college/university units you plan to complete before you enroll at UC:
- Junior-level transfer
  - I will complete 60-89 semester units or 90-124 quarter units by the time I enter UC.
- Sophomore-level transfer
  - I will complete fewer than 60 semester units/90 quarter units by the time I enter UC. (There are limited campuses/programs available at this level.)
- Senior-level transfer
  - I will complete 90 semester units/135 quarter units or more by the time I enter UC. (There are limited campuses/programs available at this level.)

Level: Students must select the appropriate level for which they are applying.

- A student who has enrolled in a regular term (fall/winter/spring) at a college or university after graduating from high school should apply as a transfer student.
- Most campuses consider students at the junior level only, but certain programs and campuses may also consider sophomore and senior transfers.
- Note: Students with CCC coursework only – regardless of the number of units completed at the CCC – are not senior-level transfers and should not check the senior-level transfer button. Indicating senior-level transfer will significantly reduce the student’s transfer options. Only UC coursework (both lower- and upper-division) and upper-division coursework from other 4-year institutions can jeopardize a student’s junior standing.

If students want to refer to a prior application, the option to do so appears on this screen.
Navigating the UC application

- The UC application includes seven sections that can be completed in any order.
- Start with About you as it contains logic that is then used throughout the application.
- You can save your progress at any time and pick back up where you left off next time you log in.

Tip: A successful UC application is not completed in one sitting!

The navigation bar is on the right side of the screen. Students can complete the application in any order but should complete the “About You” section first as it contains conditional logic which will be used throughout the application.
About you
When completing your personal details, applicants have the option to indicate a lived, or preferred name. A lived or preferred name is a name you go by that is different than your legal name (for example, a middle name that you go by or a name that aligns with your gender identity). If you enter a lived name, we’ll use it in most of our communications with you about the application, except when it’s required for us to use your legal name.

If your legal name is the name you go by, you can select “No” here and move forward. Do not enter your same legal name twice.
Citizenship
• Applicants must select a country of citizenship from the country drop-down menu.
• Students who are U.S. citizens will have a follow-up question about tribal affiliation. This response, along with CA residency status determined by the Statement of Legal Residence information, will determine whether the student qualifies for the Native American Opportunity Program.
• Those who choose a country other than the United States will have follow-up questions on permanent residency and/or visa status.

Undocumented students
• For country of citizenship, select “No Selection” and follow the directions for the SSN below.

Social Security Number (SSN)
• All applicants who have a social security number (SSN) are required to enter it.
• Deferred Action for Childhood Arrivals (DACA) participants and Undocumented students:
  • Enter a valid SSN, SSN for work purposes, or ITIN if available. Otherwise, leave it blank.
  • If an applicant does not have an SSN, he/she may skip that item.
  • We use the SSN to accurately and reliably merge test scores (if submitted) and the federal financial aid application with the admission application.
  • SSN, SSN for work purposes and ITIN numbers are encrypted and kept secure.
UC application fee waiver

• Family size and income information provided in this section is used to determine eligibility for the UC application fee waiver.
• If eligible, the application fees for up to four (4) campuses will be waived.

Family Size and Income
This is the view for students who are under 24, and so are categorized as dependent students.

• Entering parental information and their relationship to students helps campus admission staff better understand the family context of applicants. You can enter up to 2 parents or guardians.
• For more information, students can click on the “i” icon.
• This information is not used to determine residency status or eligibility for financial aid.
Independent students

- Applicants who are considered independent will not be asked for parental information.
- Family size and income reported in this section will be used to determine eligibility for the UC application fee waiver.

Family Size and Income
If a student is over 24, they will not be asked for parental information. **This is the view for independent students.**

- For more information, students can click on the “i” icon.
- This information is **not** used to determine residency status or eligibility for financial aid.
New for Fall 2024: *Dependent* students have the option to submit contact information for their parents. This is optional and will not influence the admission process. Doing so allows the campuses the option to send parents important admissions updates and information, though they will not receive information about your application or admission decision(s).
About you — Statement of Legal Residence

Statement of Legal Residence (SLR)

- In this section, applicants can choose whether or not they would like to be evaluated for California residency for tuition purposes.
- Both options will prompt additional questions.

In this section, UC will collect information on the application to help determine residency for tuition purposes.

Student must choose whether they would like to be evaluated for California residency for tuition purposes or not.

Yes, I want to be considered for California residency for tuition purposes:
- Selecting this option will bring up additional questions about the student’s and their parents’/legal guardians’ physical presence in California.

No, I do not want to be evaluated for California residency for tuition purposes:
- If a student selects this option, they will need to select a reason why they do not want to be evaluated for CA residency.
- They will also need to acknowledge that by selecting the “No” option, they will be classified as a nonresident for tuition purposes.

Undocumented students can refer to our guide (linked in the application) for further details. The next few slides go into further detail.
Yes, I want to be considered for California residency for tuition purposes:

- Selecting this option will bring up additional questions about the student’s and their parents’/legal guardians’ physical presence in California.
- **Note:** Different prompts will appear for the requested parent information depending on whether the applicant’s parents are married and/or live together.

Additional documentation or information may be requested by the campuses for students who wish to be evaluated for California residency. Be sure to respond to any requests in a timely manner.
No, I do not want to be evaluated for California residency for tuition purposes:

- If a student selects this option, they will need to select a reason why they do not want to be evaluated for CA residency.
- They will also need to acknowledge that by selecting the “No” option, they will be classified as a nonresident for tuition purposes.
Undocumented students

- Choose ‘yes’ when asked about physical presence in California, attendance at a California high school and establishing California as permanent home
- Choose ‘unknown’ for parent physical presence in California and US citizenship status
- Select the appropriate checkbox for AB 540 nonresident supplement tuition exemption.

Undocumented students should answer questions as suggested above (assuming they have maintained a presence in California and have attended a California high school). These students will need to provide additional information after admission to the campus Registrar’s Office where they choose to enroll.

Further instructions can be viewed at https://admission.universityofcalifornia.edu/counselors/_files/documents/slr-instructions-for-undocumented-students-august-2022.pdf. This is linked in the UC application.
Campuses & majors
As a reminder, students only need to submit ONE UC application. You can choose to send it to as many of the UC campuses as you would like.

There is a fee associated with each campus you select ($80 per campus/$95 per campus for international applicants), but a fee waiver is available for eligible students that will waive the application fee for up to four campuses. Eligibility for the fee waiver is determined by family and financial information provided within the UC application.

Importantly, though you will be able to apply to multiple UC campuses at once, you do not need to “rank” them or indicate any campus preference. All campuses who receive your application will give it a thorough and careful review – independently from one another. You are encouraged to apply broadly across the UC to increase your chances of being admitted to the UC system. All of our campuses – without exception – providing outstanding opportunities for you to learn and grow.

Hint: If only a few campuses show as “open”, this might mean you indicated either a sophomore or senior-level transfer option, or you are applying during the winter/spring term.
Choosing a major

- For each campus selected, applicants must indicate a major choice.
- Applicants do not need to select the same or similar major at each UC, though transfer applicants must have the appropriate major preparation for their intended major choice(s).

Once you’ve selected your campus choices, applicants will need to indicate a major selection for each campus. The default view is “College” view, which shows you all available majors by their college placement. By default, closed majors will not appear unless you choose to select the checkbox that reads “show closed majors”.

Note: You do not need to select the same or similar major at each UC campus you’ve selected. However, transfer applicants should be advised that they need the appropriate major preparation for the major(s) they have selected within the UC application. This is an important factor in transfer admission.
If preferred, applicants can view available majors for each campus by “Category” instead of “College”. This may be helpful if you don’t know which college a particular major falls under.
Students can select both a major and an alternate major.

If a campus is unable to offer the applicant a place in the first-choice major, they may consider them for an alternate major—be sure the alternate major is in a subject area that the student really wants to study and that they have appropriate major prep for (and in some cases, it should be in a different area of study than the primary major).

Note that not all campuses will consider students for an alternate major, and that some campuses may have restrictions on changing majors once admitted to that major.
If applying to UC San Diego, applicants must rank the colleges in order of their preference.

You must read about UCSD’s college system before being able to rank them.

This information does not influence your chances of admission to UC San Diego!

San Diego colleges

- If a student is applying to UC San Diego, they must rank the colleges in order of preference to have the best chance of assignment to the college of their choice.
- The order of ranking of colleges does not affect the chances for admission to UC San Diego.
- Boxes to rank the colleges only appear once the student clicks the “Learn more about UCSD college system” link (opens a pop-up window). Students should carefully read the information provided to understand the “theme” of each college at UC San Diego.
- All majors are available in all of the colleges.
- Each of the undergraduate colleges has its own campus neighborhood, residence facilities, staff, traditions, general-education requirements, and distinctive educational philosophy.

**Note:** Eighth College will welcome its inaugural transfer class beginning in Fall 2025.
Some majors may require applicants to submit a supplemental application or materials. If so, applicants will see messaging in the UC application when selecting that major. Requirements and deadlines for supplemental applications will vary by campus and program.
Academic history
If you have created a UC Transfer Admission Planner (UC TAP) account, and entered your academic information into UC TAP, a feature in the admission application allows you to import your courses and grades.

- The information is updated daily each morning with the previous day's data.
- Changes made today in UC TAP will not be reflected in the data imported on the same day.
- Once you import your TAP academic record into the application, any further information added in UC TAP will not be reflected in the application. You can edit the information directly in the application.

In order to import the coursework, applicants must use their UC TAP ID and email address from the UC TAP account when starting the UC Admission Application.

UC TAP website: https://uctap.universityofcalifornia.edu/students/
Colleges attended

Adding a college

- Enter all colleges/universities you have attended, including those outside of the US.
- Search for your school by name, city or CEEB code.

Colleges attended

- Remember to list every college/university attended, including those outside of the US.
- Students can search for their schools by name, city or by CEEB code.
- If students can't find their school, it can be added by typing the full name of the school and clicking "Add"
Adding college information

• Once the correct college has been selected, applicants will enter their dates of attendance, grading system and level of degree or certification received.

• Don’t forget to include any colleges attended while in high school!

College information

Once the correct college has been selected:
• Applicants will select the dates of attendance, grading system, and level of degree or certification received.
• Dates of attendance should be entered as consecutive dates even if enrollment was interrupted, i.e. first month/year of attendance through the last month/year of attendance (e.g., fall 2022 – spring 2024).
• Students earning the Associate Degree for Transfer or UC Transfer Pathway Associate’s Degree will provide this information here along with the name of the major.
• Applicants can also indicate here if the term system has changed (e.g., from quarter to semester).

Note: If you attended a college while in high school and earned credits, don’t forget to include those! Your dates of attendance should match all terms enrolled in that college, including the terms while in high school.
Note: Maximum is 5 for each CCC degree level. Currently, there are only 2 UCTP majors, so possible maximum is 7 for CCCs with both ADT and UCTP degrees.
Selecting coursework

Beginning with the first term, enter all coursework completed.

• Select UC-transferable courses from the course list.
• Any non-transferable courses need to be entered manually.

Tip: Have an unofficial copy of your transcript(s) handy for this section.

For California Community College students:

• The transferable course lists for California community colleges are pulled directly from the ASSIST database - [https://assist.org/](https://assist.org/).
• Each department can be expanded to display the transferable courses by clicking on the plus (+).
• Applicants should use unofficial transcripts to ensure they report the correct term, course number, title, units and grade received for each course.
• Grade codes are listed for applicants. Students should only report Academic Renewal (AR) as the grade if the academic renewal has already been approved and appears on the transcript.

For all students:

Students must enter all courses taken even if they believe they are not transferable; they don’t want credit for them; they believe the “old grades” are not reflective of their current academic abilities; an Academic Renewal (AR) or Incomplete (I) grade was earned; they withdrew from the course; or they later repeated the course.

Missing/inaccurate information may be viewed as falsification and result in cancellation of the application at all UC campuses.
For non-California Community College students:
UC does not have transferable course lists for colleges/universities other than California community colleges, so students must type in department name, course number, course title, and unit value, then select the grade earned.

For all students:
Students must enter all courses taken even if they believe they are not transferable; they don’t want credit for them; they believe the “old grades” are not reflective of their current academic abilities; an Academic Renewal (AR) or Incomplete (I) grade was earned; they withdrew from the course; or they later repeated the course.

Missing/inaccurate information may be viewed as falsification and result in cancellation of the application at all UC campuses.
If there is a gap in attendance, you will be prompted to explain why you were not enrolled. If you made an error and did enroll during an identified “gap” term, you must go back and adjust the dates and terms of attendance at the appropriate college and then enter the coursework attempted/completed.
If your entered coursework appears to be missing the required English or math courses, you will need to indicate your plan to complete these courses on this screen.

If the coursework you entered indicates that the student has met the minimum English (2 courses) and math (1 course) requirements for transfer to UC, **you will not see this screen.**

However, if your coursework appears to be missing required English or math courses, you will need to indicate your plan to complete these courses on this screen.

**Note:** this screen will also appear even if you are using an AP or IB exam score to meet an English or math requirement. In that case, you should mark ‘None planned/not completed,’ enter your text scores in the Exams section, and then return to this page to see that the requirement is met.
You must disclose any terms on academic probation. This will not disqualify you from being admitted.

Admission staff look at this section for an explanation of abnormalities in a student’s academic record, such as a break in attendance or poor grades in a particular course or year, or for specific information about the school environment/policies that affect the academic record and/or availability of classes.

There is also another additional comments section later in the application with the PIQs. This comment box is for academic history comments.
This section is where transfer students will report AP and IB scores, if they have them, as well as any English language proficiency exam scores.
English proficiency exams:

- Students whose high school/secondary school and/or college/university coursework was **not** conducted in English and who are not native English-speakers are required to self-report scores from an acceptable English language proficiency test (TOEFL, IELTS, or DET) in the application. Students may use scores from specific sections of the SAT or ACT to satisfy English proficiency in lieu of TOEFL, IELTS or DET.

- Official English proficiency scores are not required unless/until a student is offered admission to UC. Students will then submit their official scores directly to the campus where they intend to enroll.
Activities & awards
Activities and awards

Applicants can enter up to 20 activities across 5 categories. Enter the activities and categories that best reflect your interests and achievements. Students are not required to have an entry for each category.

Activities and awards
• There are five categories in the Activities and Awards section of the application. Choose experiences that have meaning, illustrate interests, and/or demonstrate leadership.
• Students will have twenty spaces to enter their activities
• Not all 20 entries have to be from the same category. Students should do their best to categorize activities in a way that makes sense to them. We wanted to allow students the flexibility and choice to enter the activities that best reflect their interests and achievements.
• Additionally, applicants don’t NEED to have something in each of the categories.

Educational preparation programs – Programs include but are not limited to: Puente, Mesa, Umoja. A list of common programs appear in a drop-down menu. If a program is not included, manually enter it.

Community Service – Consistent participation over time may indicate commitment and dedication.

Work Experience – Demonstrates time management, responsibility and perhaps leadership.

Awards & Honors – Awards which are significant in nature – county-wide, state-wide and national - indicate a high level of achievement with significant competition. School-based awards are more meaningful to readers if context is provided, such as “5th place out of 500 students”, but even “perfect attendance” can be insightful.

Extracurricular Activities – Continued participation over time indicates passion, commitment, and sometimes leadership. Enter details about each activity.

Activities and Awards Pro-Tips:
• Avoid using acronyms for names of clubs or awards.
• Explain level of involvement in detail. Remember, what’s important is what YOU did, not just what the activity is.
• Try to avoid listing the same activity in more than one section. Students should not repeat the entries, even if they might fit into more than one category.
• If an applicant did not have the time/opportunity to participate in school and/or community activities, volunteer/paid employment, explain to application readers why – how else did the applicant use their time and was it a choice or a requirement? For example: caring for siblings, elder-care, commitment to doing homework (research projects, papers, etc.). We understand that students are gaining valuable life experience and consider that as part of our comprehensive review.
Activities & awards

When describing the activity, focus on your **role, responsibility and accomplishments** rather than just describing the activity itself.

It is important for students to remember to describe their **role, responsibilities and accomplishments** in the activity rather than focusing on describing the activity itself.
If you took part in an educational preparation program, select the program from the list. If your program is not listed, choose “Other” and manually enter the name of the program.
Scholarships
Apply for scholarships directly within the UC application by selecting those which match your characteristics, interests and background.

Explore scholarship options by category. You can select as many options for consideration as you choose.

Scholarships

- All UC campuses offer scholarships for students who meet specific criteria. There is a category specifically for Transfer students, but transfer applicants are not limited to this category.
- The applicant should review each scholarship choice and select all those that match their characteristics, interests, and background. There is no limit to the amount of scholarships students can select.
- Research other campus-based scholarships in the link provided at the bottom of the screen.
- Note: Not all scholarships listed are available at every campus.
Personal Insight Questions (PIQ)
Another opportunity for us to learn more about you is within the Personal Insight Questions (PIQs). This is the written section of the UC application. Think of this as your opportunity to share additional and more detailed information that cannot be found elsewhere in the UC app, including what circumstances/experiences have shaped your academic/personal experiences.

Applicants must respond to three (3) of the seven (7) prompts, plus the mandatory prompt (for a total of four responses). All questions have equal value, so respond to the three additional questions that are most relevant to you and your experiences!

Keep in mind, these are not essays. With only 350 words allowed per response, your PIQ responses should be direct and literal. Focus on what information you are sharing in your responses, not the style of your writing. Readers will not be evaluating these like a writing sample. This is an important part of the UC application and the campus review, so be sure that you are taking your time and using the available resources to maximize this section.

There is also an “Additional Comments” field in the UC application. That can be used if there is important information that you didn’t get to share elsewhere in the application that you want the campuses to know. This is also not an essay, so you can be direct. Do not use this section to answer an additional PIQ question!
• Respond to 3 of the 7 additional prompts. Remember, all questions hold equal value!
• 350 words maximum per response

Tip: Work on your PIQ responses in a separate document to check for spelling and grammatical errors. Once ready, copy and paste them into the UC application.

This is a screen shot of the PIQ page. The word count is listed here, and students can opt to have the PIQ questions emailed to them on this screen.

Applicants should work on their PIQ responses in a separate document (e.g., Word document) and then copy and paste them into the UC application once ready. The UC application does not allow for tools such as grammar and spell check!

Transfer students are required to answer how they have prepared for their intended major.
• Avoid listing courses taken
• Focus on experiences in and out of class that show interest in the major/field
• Discuss how the applicant has taken the initiative to learn more about the major/field and gain greater knowledge and depth
Additional comments

Personal insight
Additional comments

If there's anything else you want us to know about you, now's your chance. But remember, you should use this space only if you want to describe anything that you have not had the opportunity to include elsewhere in the application. This shouldn't be an essay, but rather a place to explain unusual personal or family circumstances, or anything that may be unclear in other parts of the application.

Students can use the additional comments section to explain any situation, circumstance or experience that does not appear anywhere else in the application or is not fully explained in the application. Students can use this space if they have been significantly impacted (beyond what all other students have experienced) by the COVID-19 pandemic or by any of the various social justice movements. The Additional Comments section is not an opportunity for an additional essay.
Submitting the UC application
Before you submit your application, be sure to take the time to review each section. Only minimal personal information can be updated once the application has been submitted!

Review and submit
Before submitting the application, students will have the opportunity to review each section. A check mark appears beside the section to indicate that section is complete.

**Important:** Very little personal information can be updated once the application has been submitted. Students should carefully review the application and ensure it is thorough and complete.
Review and submit
Students will be prompted to correct any errors before they can continue with the submission process.

Missing Information
If students are missing information, this warning will appear. Completed sections will have a checkmark. Sections missing information will not. Students can navigate directly to the section(s) with missing information and update.
Missing information

If you did not address any gaps in your enrollment earlier in the UC application, you will be prompted again here.

If the reported number of units does not meet the minimum requirement, you will need to verify that the units reported are accurate.

• **Note:** This count does not include AP, IB or A-level exams!

---

Gaps in education

• Applicants must explain all gaps in education for each term not enrolled. If you did not address this earlier in your application, it will prompt you here again.

• This will not disqualify you from being admitted; this is to help admission representatives understand your full educational and life context.

Verify units and applicant level

• The application does a quick estimate of units to verify whether the student has sufficient units for the level they’ve applied to. **Note:** This tally does **NOT** include AP, IB or A-level exams.

• Students can go directly back to the Academic History to add courses/units they may have forgotten to add. Or, if the student knows they have enough units with exam scores, they can check the box confirming that they’ve reported the correct number of units. This will allow the student to continue with the submission process.
Billing summary and fee waiver

• There is an $80 applicant fee per campus ($95 for international applicants).
• If eligible for the UC application fee waiver, that will be noted on this screen. Applicants must accept the fee waiver.
• Application fees may be paid by credit card or check.

Application Fees:
• For U.S. citizens or permanent resident students, the application fee is $80 per campus.
• For International and non-immigrant applicants, the application fee is $95 for each campus selected.
  • If an international or non-immigrant student currently attends school in the U.S., however, they may be eligible to pay the lower application fee of $80 per campus.
• The application tool will advise of the fee amount on this page.

Fee Waiver:
• A fee waiver is automatically calculated for California and domestic residents. The fee waiver calculator is activated from answers about the applicant’s family size and income.
• If a fee waiver is granted, the applicant must select “Yes” to accept the fee waiver.
• If an applicant decides not to answer those questions, they may qualify for a fee waiver but would not receive one.

If the applicant makes a mistake on the family income amount, they can correct the information with an ‘edit’ button; eligibility for the fee waiver will automatically re-calculate with the revised information.

Fee Waiver Eligibility
• For U.S. citizens or permanent residents or students who have attended a CA high school for at least 3 years, if students meet the low-income criteria used to qualify for free and reduced lunch, they will qualify for a UC application fee waiver for up to 4 campus choices but will be responsible for payment for any additional campus(es) to which they choose to apply.
• Students in California on a visa are not eligible for the UC application fee waiver.
• UC also accepts the College Board, ACT or NACAC fee waiver. Only one waiver may be used.

Payment:
• Application fee payment is required and non-refundable.
• Payment may be submitted by credit card in the application tool; or by mailing a check or fee waiver if a student didn’t qualify for the UC application fee waiver but meets criteria established by the waiver provider.
Release authorizations and Statement of Integrity

The application cannot be submitted without the applicant’s electronic signature and acknowledgement of the Statement of Integrity.

The Statement of Integrity is to affirm that all information in the application is accurate and the personal insight responses were written by the applicant. **If information is withheld, such as poor grades, or falsification is detected, the application is subject to cancellation.**

**Signature Releases**

- Review and check the release authorizations to share application information with scholarship agencies, parent/guardian, counselors and/or UC organizations and alumni groups.
- Electronically sign and date the application to verify accuracy and acknowledge that the applicant is the author of their personal insight responses.
- The electronic signature also authorizes the release of official examination score(s), if submitted, to all UC campuses to which the student applied.
- Information in the application is subject to verification. If an applicant is selected for verification, non-compliance will result in cancellation of the application and the application fee will not be refunded.
After submission, be sure to make note of the following:

- Application ID
- Date submitted
- Payment method
- Confirmation ID

Students should keep their application ID in a secure place, as this will be used throughout the admission process, including decision release occurring in the spring.

This screen will show the complete list of campuses applied to, fees, fee waiver, application ID, date submitted, and payment method. Applicants will also receive confirmation via email.
After submission

Once submitted, applicants can log back into their UC application to view the available options listed in the navigation menu.

Changes to the UC application are limited once submitted.

Application Status

After submission, a student can log back into their application and see the following menu. Here students can see when their application was forwarded to the campuses, as well as access the Transfer Academic Update (TAU) form when available.

Updates can be made in any of the sections listed on this screen, so keep in mind that Academic History and adding Activities and Awards or editing the PIQs is not an option once you submit.
Transfer Academic Update (TAU)
Even if an applicant is not currently enrolled, and all information was submitted on the original admission application, **all transfer applicants are required to submit the Transfer Academic Update (TAU).**

- The TAU allows students to enter fall grades and list courses in progress or planned.
- Students must submit a TAU by January 31 to ensure their application receives full consideration. TAU's submitted after the priority deadline of January 31 may not be considered.
• Applicants can review and update their college information as needed in the TAU for the current academic year (2023-2024)
  • Note: Term system and grading system cannot be changed.
• If a student is not currently enrolled, they would enter an explanation in the Comment Box.
• If a student is currently enrolled, submit grades for fall 2023 courses and confirm or update the winter and/or spring courses.
• The priority deadline to submit the TAU is January 31.
Transfer applicants must update their fall grades and winter/spring coursework in the TAU.

Completing the TAU is required even if you do not have any changes from what was reported in your UC application.

• Applicants will update their Fall 2023 grades and winter/spring 2024 coursework information in the TAU.
Students must be in good standing at any prior UC campus they attended, as well as at their last school of attendance. Indicating “Yes” for academic probation does not automatically disqualify a student from admission.

In order to submit the TAU, applicants must certify that the information reported is complete and accurate.
This is the confirmation of completion of the TAU. Once submitted, applicants can view this confirmation when they log into their UC application.

Students should check email frequently, as admission representatives from campuses may ask for additional information or clarification of information on the TAU.
Resources
Need assistance?

If you have questions, contact the application help desk at ucinfo@applyucsupport.net

Or call the UC Application Center:
Within the U.S.: (800) 207-1710
Outside the U.S.: (925) 298-6856

Helpdesk hours:
Monday-Friday: 10am-6pm PST
Saturday & Sunday: Closed

November & December hours:
November 1-18: Monday-Friday, 8 a.m.-10 p.m. PST
November 21-23: 8 a.m.-11 p.m. PST
November 25-27: 8 a.m.-11 p.m. PST
November 28-30: 8 a.m.-midnight PST
December 1: 8 a.m.-6 p.m. PST

Closed on the following holidays:
Nov. 24, Dec. 26 & Jan. 2

The UC application Help Center is available to help students navigate and complete the UC application.
