Transfer

2025–2026

UNIVERSITY
OF
CALIFORNIA

This is a screen shot of the application showing the locations of the nine undergraduate campuses available for first-year or transfer admission. The map will display dependent on the resolution and screen size of the computer or mobile device.

UC is one of the largest university systems in the world offering undergraduate and graduate programs on campuses located across the state. Applicants are encouraged to apply to more than one UC campus. This will significantly increase your chances of being admitted to the UC system. While you may not receive an offer of admission from your first-choice campus, all of our campuses — without exception — provide outstanding opportunities for you to learn and grow.

Additional notes for reference:

Campuses with medical centers:

UC Davis
UC Irvine
UCLA
UC San Diego
UC San Francisco

Campuses with schools of law:

UC Berkeley
UC Davis
UC Irvine
UCLA
UC College of the Law, San Francisco (formerly known as UC Hastings)

The UC application and admission process is a year-long cycle.

August 1: The UC application opens. Students can begin to craft each part of their application. Remember, since UC does not use letters of recommendation, interviews, or portfolios unless required for admission to a specific major, the UC application is the only way for students to present and advocate for themselves. Some campus majors do require supplemental materials, such as Nursing, or some fine arts majors. Students should speak with the campuses they're interested in for information on applications for those majors. The UC application will also indicate whether a supplemental application or materials are required.

September 1 – 30: Transfer applicants interested in Transfer Admission Guarantee (TAG) must submit a TAG application between September 1-30. They must also submit a UC application during the filing period.

October 1 – December 1: UC students can submit applications beginning October 1. **The deadline has been extended to December 1 for Fall 2026 applicants** given the timing of the Thanksgiving holiday. The typical deadline is November 30. Applicants are not considered on a first-come, first-serve basis, so applicants should take their time in filling out the application thoroughly before submitting.

Important: Once submitted, applicants can update very little in the UC application. Students should ensure their UC application is accurate and complete before submission.

October – March 2: All students should submit a Free Application for Federal Student Aid (FAFSA) or a California Dream Act Application (CADAA). The majority of students at UC receive financial aid and scholarships. We'll cover that in more detail later in this presentation. Campuses use information from the FAFSA and CADAA for both admission and scholarships. The FAFSA for the fall 2026 admission cycle is anticipated to become available on October 1.

January 31: Transfer students who apply for fall admission will be asked to update their applications through the UC Transfer Academic Update (TAU) process by the end of January. Once they log in to their application, they will be able to give UC their final grades from the previous fall, as well as a list of all courses in progress or planned for winter and/or spring. All students must submit a TAU, even if not enrolled in any courses in the spring term. The priority submission deadline is January 31. The Transfer Academic Update form is open until [March 15](#), but the priority review date is the date students should focus on as there is no guarantee TAU information submitted after January 31 will be considered in the review. Failure to submit the form may jeopardize a student's chances of admission.

April: Transfer admission decisions are released throughout the month of April. Campuses do not all release decisions on the same day, but will have all transfer decisions released by April 30.

July: Campuses use self-reported information to admit students, so UC does not require (nor want) students to submit any transcripts when they apply for admission. Instead, UC will ask for official transcripts only for admitted students who have submitted their SIR by June 1. Official transcripts for all institutions attended are due July 1, with AP/IB exam results and other certifications (such as IGETC or Cal-GETC) due by July 15.

Before you start

- Consider your major and campus options
- Get an unofficial copy of your transcripts
- Write your responses to the Personal Insight Questions (PIQs)
- Create a document outlining all your activities, awards and work/volunteer experience

Begin preparing for the application early – don't wait until October or November!

Students should research the campuses and apply broadly across the system.

- Learn about the majors offered and all the types of courses needed to earn the UC degree to be fully informed about graduation requirements and plan how long it may take to graduate.
- Some majors have different names across the system and may be located in different departments.

Gather materials that will be needed: transcripts/academic records, list of current and planned courses, awards and honors, volunteer program timelines and hours, employment timeline and hours, etc.

- **Note:** Official transcripts should **not** be sent with your UC application. Your UC application will be reviewed using the self-reported academic history you have provided.

Responses to the personal insight questions are important.

- Write responses early; refer to UC's online resources for writing tips, a worksheet and a video to help get started.

Application integrity

Applicants must complete the UC application thoroughly and accurately.

This includes:

- Academic history
- Activities, awards, work experience and community service
- Personal Insight Questions

All applicants must agree to the **Statement of Application Integrity** in order to submit the UC application. This acknowledges that the information reported in the UC application was done so by the student and is accurate.

UC does **verify** information reported in the UC application. Honesty is the best policy.

Students must thoroughly complete all sections of the application and do so accurately. This is the student's opportunity to tell the admission staff about personal details that make each applicant unique.

Accuracy of Details:

- **Academic History:** MUST be accurately reported--all enrollment, every school/college, all courses and grades (even/especially if a course was repeated). If a student accepts an offer of admission, UC requires official academic records to verify the information reported.
- **"Additional Comments"** box in the Academic History section can be used to provide detailed information or explanations about specific academic issues – declining grades, course selection issues, etc.
- **Activities/Awards:** Applicants should not exaggerate or fabricate awards or activities because the information submitted is subject to verification.

In fact, UC does verify information that students report on the application. It is critical that students do not misrepresent or falsify information, as this is a serious offense and will result in serious consequences. Honesty is the best policy.

Transfer admission

While there may be a few options to transfer to UC before reaching junior status, most UC campuses are primarily looking for junior-level transfer applicants. Transfer students meet requirements in 3 areas to meet minimum UC junior-transfer requirements: a specific pattern of courses, a minimum number of units, and a minimum GPA. These requirements must be completed by the last regular term prior to transfer.

Courses:

UC will first review your courses to verify you're meeting the seven-course pattern. We will go into detail in the next slide, but know that these 7 courses are required. In order to meet the unit requirement, however, you'll need more than these 7 courses. The rest of your courses can come from general education courses or from courses that prepare you for your major, or both!

Units:

- Complete 60 semester (90 quarter) units of UC-transferable college credit. This is about two years' worth of full-time study but can be less if a student has dual enrollment college credit or AP/IB/A-level exam scores.
- No more than 14 semester (21 quarter) units of the required 60 units may be taken Pass/No Pass, unless the student is transferring from a college or university that awards only pass credit.

GPA:

- Students must have a transferable GPA of at least 2.4 (2.8 for nonresidents).

Notes for the presenter:

- The 7-course pattern may be completed with a Pass/Credit/ Satisfactory grade if such designations are equivalent to a letter grade of C (2.0) or better
- All students must be in good academic standing (2.0 GPA or better) at the last institution of attendance and at any previous UC campus where the student was enrolled in a regular term (e.g., fall, winter, spring).

Minimum requirements vs. selection

Major Preparation

- Certain majors may have required or recommended coursework
- Consider taking courses from other CCCs or online UC-transferable courses if your CCC doesn't offer a major preparation course
- Take full course sequences at one CCC

GPA

- Meet or exceed the minimum transfer GPA
- For selective majors, a strong GPA is especially important

IGETC/Cal-GETC

- Not required for admission; may be recommended for certain campuses/majors

Meeting the minimum transfer requirements alone is generally not enough to be a competitive applicant for selection.

Competitive students will not only have all required major preparation completed but will also have as many recommended major preparation courses completed as possible. Major preparation coursework may be required by each campus for your intended major. Major preparation is important not only for admission, but to ensure that you are prepared for a successful transition into that major once at UC.

You can view UC's Transfer Pathways for a roadmap to some of the more popular majors. However, it is important that you check with the campuses you are interested in applying to in order to learn which majors are selective at the transfer level and what courses are recommended/required for admission to your intended major. Many majors are highly selective, with average GPAs for admitted transfer students above a 3.0. In these cases, the GPA (overall and in the major) become important factors in selection.

Finally, IGETC or Cal-GETC is not an admission requirement and transfer students can instead choose to complete their lower-division general education requirements at the UC campus they attend. However, for students who don't yet know at which campus they would like to enroll, for majors that do not have extensive major preparation requirements, or for students who are jointly considering CSU and UC, pursuing IGETC/Cal-GETC may be helpful. However, some majors at some campuses may encourage students to complete IGETC/Cal-GETC certification prior to UC enrollment.

- Note: For students enrolling at the CCC in fall 2025 and beyond, Cal-GETC will be the new General Education pattern.

Students should stay in regular contact with UC campus admission representatives for current information on selective majors, and how students can best prepare to be competitive candidates.

UNIVERSITY
OF

Campuses are looking for well qualified transfer students who have taken advantage of the educational opportunities presented to them both inside and outside of the classroom.

It is important to note that this is not a checklist. Students may meet multiple criteria of comprehensive review, but these are considered by campuses within the context of the entire application rather than as a rank or point system.

There are comprehensive review factors campuses may use to review transfer students. These include a range of factors in three major categories: Academic accomplishments, co-curricular activities, and additional information.

The faculty-approved comprehensive review factors for transfers include:

- 7-course pattern
- Major preparation
- Grade point average
- Participation in honors courses or programs
- Special talents, achievements and awards
- Completion of special projects
- Academic accomplishments in light of life experiences and special circumstances
- Location of the college and your residence
- Completion of a UC Transfer Pathway or associate degree for transfer (ADT)

These factors are intended to help readers gain more insight into the academic and personal context of students in their own environment.

Note: The UC undergraduate admission process does not discriminate against, or provide preferential treatment to, any individual on the basis of race, sex, color, ethnicity or national origin, consistent with federal and state law.

Starting the UC application

The basics

Browser security

Be sure to use a supported browser to ensure functionality of the UC application and to protect the information you provide.

Inactivity

Use the “Save and Continue” options to avoid timing out of the application. After 20 minutes of inactivity, you will automatically be logged out.

System Requirements

Supported browsers:

Chrome 137 or newer
Edge 137 or newer
Firefox 138 or newer
Safari 18.5 or newer

Browser settings:

Browser recommendations

The UC online application functions with the following browser versions: Chrome 137 or newer, Edge 137 or newer, Firefox 138 or newer, Safari 18.5 or newer.

JavaScript and cookies

Our application uses JavaScript web page functionality and requires cookies. Please make sure JavaScript and cookies are enabled on your browser.

Security

Because it's important to protect the information you provide, the online application is extremely secure — so secure, in fact, that older browsers are not equipped to handle our level of encryption. Please download one of the browser versions listed above to ensure maximum security.

Responsive

The application is mobile friendly so you can use your tablets and other devices.

20-minute timeout for security

After 20 minutes of inactivity, the system will time out.

Character counts

All descriptions and PIQ responses have character or word counts to show remaining available space.

Save and Continue

In order not to timeout, you will need to click save and continue. If you do not, any information you've entered since the last save will be lost.

Create account

Start your UC application at <https://apply.universityofcalifornia.edu/my-application/login>

Create your account

- New users must enter a unique email address and password
- Students should use an email account they will check *after* graduation as well (preferably not a school-issued email address)
- Applicants will use this same account if they apply again in the future
- If the student's family has multiple applicants or has future applicants, different email addresses must be used for each applicant
- Passwords must be at least eight characters (and must include a combination of uppercase and lowercase letters, numbers, and symbols/special characters)
- Create a secret question/answer combination that will be easily remembered
- Be sure to keep login information safe
- Once "Create a New Account" is complete, an email confirming the start of your application will be sent
- Campuses use email to send critical, time-sensitive correspondence to applicants, so provide an email address that is checked regularly and will be kept until enrolling in college
- Remember to adjust email filters to accept mail from UC addresses

Log in

- First-time users start by clicking "Create a New Account"
- On return visits, enter email and password information under "Sign In"

NEW! Beginning with the fall 2026 UC application, students will need to verify the email address provided when creating their UC application account.

[CLICK] A verification code will be sent to the email address provided (see right screenshot) and students must enter the unique code in their web browser to continue with their UC application.

UNIVERSITY OF CALIFORNIA

Level: Students must select the appropriate level for which they are applying.

- A student who has enrolled in a regular term (fall/winter/spring) at a college or university after graduating from high school should apply as a **transfer** student.
- Most campuses consider students at the junior level only, but certain programs and campuses may also consider sophomore and senior transfers.
- **Note:** Students with CCC coursework **only** – regardless of the number of units completed at the CCC – are not senior-level transfers and should **not** check the senior-level transfer button. Indicating senior-level transfer will significantly reduce the student's transfer options. Only UC coursework (both lower- and upper-division) and upper-division coursework from other 4-year institutions can jeopardize a student's junior standing.

If students want to refer to a prior application, the option to do so appears on this screen.

Navigating the UC application

- The UC application includes seven sections that can be completed in any order.
- Start with **About you** as it contains logic that is then used throughout the application.

Citizenship

- Applicants must select a country of citizenship from the country drop-down menu.
- Students who are U.S. citizens will have a follow-up question about tribal affiliation. This response, along with CA residency status determined by the Statement of Legal Residence information, will determine whether the student qualifies for the Native American Opportunity Program.
- Those who choose a country other than the United States will have follow-up questions on permanent residency and/or visa status.

Undocumented students

- For country of citizenship, “No Selection” is an available and valid response for country of citizenship.

NEW! Beginning with the fall 2026 app, a new question has been added to this section to determine whether a student may be homeless or at risk of being homeless.

An unaccompanied homeless youth is defined as a child or youth not in the physical custody of a parent or guardian, who is lacking a fixed, regular, and adequate nighttime residence, regardless of immigration status. A self-supporting student who's at risk of being homeless is defined as someone who is financially independent but living in unstable or temporary housing and is at risk of losing that housing.

About you — Statement of Legal Residence

Statement of Legal Residence (SLR)

- In this section, applicants can choose whether or not they would like to be evaluated for California residency for tuition purposes.
- Both options will prompt additional questions.

About you

Statement of Legal Residence

* required

To determine your University of California (UC) tuition, applicants must indicate if they would like to be evaluated for a Residence Classification via the Statement of Legal Residence (SLR). You must meet UC requirements to qualify for in-state tuition, regardless of your classification in another system. Parents is defined as natural or adoptive parents, not stepparent. Your answer below has no bearing on your admissions decision.

The following three requirements must be established more than 365 days immediately prior to the residence determination date:

- 1) Physical Presence - You and your parents must be physically present in California. If you moved to California primarily to attend the University of California or another school, you are ineligible for a Resident classification for tuition purposes.
- 2) Intent to remain in California - You and your parents must have established your intent to make California your permanent home and must have relinquished ties to any prior place of residence outside of California.
- 3) Immigration status - You and your parents must be citizens or permanent residents of the United States or be present under a valid I-94 for an eligible visa, and have held that immigration status.

Applicants who do not satisfy all three parts may qualify for a Special Circumstance, Exemption, or Waiver provision (such as an [AB 540](#)  nonresident supplemental tuition exemption) and will be asked to submit additional supplemental information at a future date. For further explanation, read the full [UC Residence Policy and Guidelines](#) .

Note: Undocumented students should use [these instructions](#)  for completing the SLR.

Would you like to be evaluated for California residency for tuition purposes? *

☒ Yes ☐ No

In this section, UC will collect information to help determine residency for tuition purposes.

Student must choose whether they would like to be evaluated for California residency for tuition purposes or not.

Yes, I want to be considered for California residency for tuition purposes:

- Selecting this option will bring up additional questions about the student's and their parents'/legal guardians' physical presence in California.

No, I do not want to be evaluated for California residency for tuition purposes:

- If a student selects this option, they will need to select a reason why they do not want to be evaluated for CA residency.
- They will also need to acknowledge that by selecting the "No" option, they will be classified as a nonresident for tuition purposes.

Students who responded to the questions as instructed on this worksheet will be required to submit additional information for AB 540/residency determination through the Systemwide Statement of Legal Residence (pre-admission) OR to the campus where they choose to enroll.

Campuses & majors — Choosing your campuses

Campuses & majors

Choose campuses

Each UC campus has different strengths and unique environments. Applying to more than one campus will increase your chances of being admitted to UC and finding a campus that's right for you.

There is an application fee of \$80 per campus, which you'll pay once you submit your application.

YOUR ESTIMATED COST: \$400

Save & continue

A map of California with icons for various UC campuses. Checkboxes indicate selection status: UC Davis (checked), UC Berkeley (unchecked), UC Santa Cruz (checked), UC Merced (checked), UC Santa Barbara (checked), UCLA (unchecked), UC Riverside (checked), UC Irvine (unchecked), and UC San Diego (unchecked).

As a reminder, students should only submit ONE UC application. You can choose to send it to as many of the UC campuses as you would like.

There is a fee associated with each campus you select (\$80 per campus/\$95 per campus for international applicants), but a fee waiver is available for eligible students that will waive the application fee for up to four campuses. Eligibility for the fee waiver is determined by family and financial information provided within the UC application.

Importantly, though you will be able to apply to multiple UC campuses at once, you do not need to “rank” them or indicate any campus preference. All campuses who receive your application will give it a thorough and careful review – independently from one another. You are encouraged to apply broadly across the UC to increase your chances of being admitted to the UC system. All of our campuses – without exception – provide outstanding opportunities for you to learn and grow.

Hint: If only a few campuses show as “open”, this might mean you indicated either a sophomore or senior-level transfer option, or you are applying during the winter/spring term.

Note: Dual **Admission** participants who submit a TAG application within their three-year window will have their Dual Admission campus and major pre-authorized in this section.

Students can select both a major and an alternate major at most campuses, but not all majors at a particular UC may be available to be selected as an alternate major choice.

If a campus is unable to offer the applicant a place in the first-choice major, they may consider them for an alternate major—be sure the alternate major is in a subject area that the student really wants to study and that they have appropriate major prep for (and in some cases, it should be in a different area of study than the primary major).

Note that not all campuses will consider students for an alternate major, and that some campuses may have restrictions on changing majors once admitted to that major.

This information does not influence your chances of admission to UC San Diego, nor is your college assignment based on major.

UC San Diego college ranking *

If you're accepted into UC San Diego, you'll be assigned to one of eight colleges on campus. These colleges are residential neighborhoods on campus with their own residence facilities, staff and general education requirements.

On the next page, you'll be asked to rank the colleges in order of your preference.

Keep in mind: Your rankings will not affect the evaluation of your application - you're not applying to the individual colleges (you're applying to the university). Also, college assignments are not based on major. You'll be able to access the full range of available majors regardless of college assignment.

Thurgood Marshall College

The College envisions a general education experience that redefines what it means to be a scholar and citizen by empowering members of the Marshall community to explore their own complex identities, analyze structures of power and privilege within society, and enact systemic change in the name of justice. We are dedicated to empowering students from all majors to become scholars critically aware of the complex histories of ongoing social struggle and of the roles they play in shaping the future. <https://marshall.ucsd.edu/>

John Muir College

The College is named after John Muir, the environmentalist, writer, founder of the Sierra Club. While we do not have an academic requirement that students study the environment, we do include environmental issues in the college. Our motto, "celebrating the independent spirit" is inspired by Muir's life, travels, and political activism to change the fabric of the nation. <https://muir.ucsd.edu/>

UC Transfer Admission Planner (TAP)

Benefits of UC TAP

- Creating a UC TAP account and entering your academic information allows you to easily import your courses and grades into the UC application.

The screenshot shows the "Academic history" section of the UC Transfer Admission Planner. It includes a header with a backpack icon and a "* required" note. The main text explains that if a user has entered their school and coursework information in the TAP and indicated they plan to apply to UC for Fall Quarter/Semester 2026, their information may be available for import into their UC application. It then instructs the user to enter their TAP login ID and email address and click on "Import data from TAP" to copy their information, noting that this will delete all previously entered academic history information. A link to "Click 'Save & continue' if you do not have a TAP account." is provided. Below this, there are input fields for "TAP login ID" and "TAP email address". A checkbox labeled "My UC TAP email address is the same as my UC application email address" is also present. At the bottom, there are two buttons: "Import data from TAP" and "Save & continue".

If you have created a UC Transfer Admission Planner (UC TAP) account, and entered your academic information into UC TAP, a feature in the admission application allows you to import your courses and grades.

- The information is updated daily each morning with the previous day's data.
- Changes made today in UC TAP will not be reflected in the data imported on the same day.
- Once you import your TAP academic record into the application, any further information added in UC TAP will not be reflected in the application. You can edit the information directly in the application.

In order to import the coursework, applicants must use their **UC TAP ID and email address from the UC TAP account when starting the UC Admission Application.**

English proficiency exams:

You can demonstrate English proficiency by completing the two UC-transferable English composition courses required for transfer admission and receiving at least a “C” or “B” grade/mark, depending on the campuses you’re applying to. If you do so, you are not required to submit IELTS/DET/TOEFL exam scores.

You are considered proficient if:

- You’re applying to Berkeley, Davis, Irvine, Merced, Riverside or Santa Barbara and received grades/marks of “C” or higher in the English composition courses.
- You’re applying to UCLA, San Diego or Santa Cruz and received grades/marks of “B” or higher in the English composition courses.

Some campuses may request an interview to determine English skills during the application review process. Davis, UCLA and Santa Barbara may strongly recommend or require additional English proficiency testing for applicants admitted to their campuses.

Keep in mind: UC does not accept English composition courses from international universities where English is not the language of instruction.

Official English proficiency scores are not required unless/until a student is offered admission to UC. Students will then submit their official scores directly to the campus where they intend to enroll. Your scores must be valid (i.e., not expired) when you submit them to the campus.

You can enter your activities and awards one at a time. First, select a category from the dropdown menu below. Once you've selected a category, you'll be able to tell us more about the activity or award in the follow-up questions.

Description of categories

Award or honor: We want to know about the awards and honors you've received that mean the most to you.

Educational preparation programs: Any programs or activities that have enriched your academic experiences or helped you prepare for college. ⓘ

Extracurricular activity: These could include hobbies, clubs, sports or anything else you haven't had the chance to tell us about.

Volunteering / Community service: These are activities you've donated time and effort to without getting paid.

Work experience: This is for telling us about any paid jobs or paid internships you've had. ⓘ

Activities and awards

- There are five categories in the Activities and Awards section of the application. Choose experiences that have meaning, illustrate interests, and/or demonstrate leadership.
- Students will have twenty spaces to enter their activities
- Not all 20 entries have to be from the same category. Students should do their best to categorize activities in a way that makes sense to them. We wanted to allow students the flexibility and choice to enter the activities that best reflect **their** interests and achievements.
- Additionally, applicants don't NEED to have something in each of the categories, nor do they need to list 20 items.

Educational preparation programs – Programs include but are not limited to: Puente, MESA, Umoja. A list of common programs appear in a drop-down menu. If a program is not included, manually enter it.

Community Service – Consistent participation over time may indicate commitment and dedication.

Work Experience – Demonstrates time management, responsibility and perhaps leadership.

Awards & Honors – Awards which are significant in nature – county-wide, state-wide and national - indicate a high level of achievement with significant competition. School-based awards are more meaningful to readers if context is provided, such as “5th place out of 500 students”.

Extracurricular Activities –Continued participation over time indicates passion, commitment, and sometimes leadership. Enter details about each activity.

Activities and Awards Pro-Tips:

- Avoid using acronyms for names of clubs or awards.
- Explain level of involvement in detail. Remember, what's important is what YOU did, not just what the activity is.
- Try to avoid listing the same activity in more than one section. Students should not repeat the entries, even if they might fit into more than one category.
- If an applicant did not have the time/opportunity to participate in school and/or community activities, volunteer/paid employment, explain to application readers why – how else did the applicant use their time and was it a choice or a requirement? For example: caring for siblings, elder-care, commitment to doing homework (research projects, papers, etc.). We understand that students are gaining valuable life experience and consider that as part of our comprehensive review.

When describing the activity, focus on your **role**, **responsibility** and **accomplishments** rather than just describing the activity itself.

Apply for scholarships

* required

You can apply to a number of UC scholarships (that means free money) right here in the application. The scholarships listed below are awarded to students with specific backgrounds, academic interests or career objectives. If you don't see any categories that are relevant to you, don't worry. In addition to these scholarships, each campus and many alumni associations award a variety of scholarships that recognize students' achievement and potential.

You'll also need to file a [Free Application for Federal Student Aid \(FAFSA\)](#) ☐ or a [California Dream Act Application](#) ☐ (if you're an undocumented student) to be considered for every type of financial aid possible, including the scholarships listed below. International students should not file these.

Scholarships

- All UC campuses offer scholarships for students who meet specific criteria. There is a category specifically for Transfer students, but transfer applicants are not limited to this category.
- The applicant should review each scholarship choice and select all those that match their characteristics, interests, and background. There is no limit to the amount of scholarships students can select.
- Research other campus-based scholarships in the link provided at the bottom of the screen.
- **Note:** Only scholarships available at one or more of the campuses you've selected will display, though not all scholarships displayed will be available at every campus you've selected.

UC offers an array of programs and services designed to help every student have a fulfilling college experience.

While we encourage you to [explore all of our programs](#) , you have an opportunity to express interest in two of our programs, right here in the application.

If you're interested, check the box below and answer the follow-up questions.

☐ [Educational Opportunity Program \(EOP\)](#)

EOP and similar campus programs provide assistance through mentorship, academic programs, financial assistance, counseling/advising, and other campus support services to those who are first-generation college students, and/or from low-income and educationally disadvantaged backgrounds. EOP serves students from all ethnic backgrounds, and is open only to California residents and to American Indians who are members of federally recognized tribes from any state.

☐ [UC Foster Youth Programs](#)

These programs are for students who are current and former foster youth in the United States and/or part of the child welfare system. UC is committed to helping students to successfully transition to the university and offers a variety of support through the Guardian Scholars, Renaissance Scholars, Hope Scholar, FYRE Scholars and other similar programs.

Note: Individual campus program eligibility may differ. Visit [UC Foster Youth Programs](#) to learn more about each campuses' foster youth support programs.

Personal Insight Questions (PIQs)

Personal Insight Questions (PIQs)

- One required question; respond to 3 of the 7 other questions
- All questions hold equal value
- 350 words maximum per response
- Focus on the content, not the style, of your writing
- May be used for admission and scholarship consideration

Required PIQ for transfers

Please describe how you have prepared for your intended major, including your readiness to succeed in your upper-division courses once you enroll at the university.

Another opportunity for us to learn more about you is within the Personal Insight Questions (PIQs). This is the written section of the UC application. Think of this as your opportunity to share additional and more detailed information that cannot be found elsewhere in the UC app, including what circumstances/experiences have shaped your academic/personal experiences.

Applicants must respond to three (3) of the seven (7) questions, plus the mandatory question (for a total of four responses). All questions have equal value, so respond to the three additional questions that are most relevant to you and your experiences!

Keep in mind, these are not essays. With only 350 words allowed per response, your PIQ responses should be direct and literal. Focus on what information you are sharing in your responses, not the style of your writing. Readers will not be evaluating these like a writing sample. This is an important part of the UC application and the campus review, so be sure that you are taking your time and using the available resources to maximize this section.

Additional information about the personal insight questions can be found at <https://admission.universityofcalifornia.edu/how-to-apply/applying-as-a-transfer/personal-insight-questions.html>

Guidance on Using AI Tools for PIQs

We understand that many students are already exploring or using artificial intelligence (AI) tools as they work on their personal insight questions. Below are some initial perspectives from our Admissions Directors on this topic:

First, we acknowledge that AI tools may be useful in certain parts of the writing process — such as brainstorming, outlining or helping students clarify and organize their thoughts. That said, it's important to remember the **University of California's Statement of Application Integrity**, which states that "all information must be complete, accurate, and reflect the applicant's own work and ideas." Submitting a response that relies heavily — or entirely — on AI-generated text could potentially violate this policy, especially if the writing doesn't reflect the student's independent thinking or is flagged for plagiarism. (You can read the full statement here:

<https://apply.universityofcalifornia.edu/docs/StatementOfIntegrity.pdf>)

More importantly, the value of the PIQ responses comes from a student's **authentic voice** and **personal experience**. The most effective answers speak specifically to who the student is, what they've done and how they think. No AI tool can truly replicate that. A generic 350-word essay about leadership, creativity, or resilience that lacks personal insight or specificity won't be as meaningful or compelling to an admissions reader.

Finally, we encourage students to write in a natural, clear and conversational style — similar to how they might speak in an interview. This approach not only makes the process more accessible but also aligns with what readers are actually looking for. In fact, it may take longer to develop an effective prompt for an AI tool than it would to simply write a thoughtful, authentic response from scratch. Ironically, the same details a student would need to feed into an AI prompt are exactly what should be included in the final response.

Bottom line: If used thoughtfully, AI tools might assist in the early stages of the writing process. But students should ensure that their final PIQ responses are entirely their own in voice, substance and reflection.

PIQs continued

Work on your PIQ responses in a separate document to check for spelling and grammatical errors. Once ready, copy and paste them into the UC application.

Personal insight

Personal insight questions

* required

You'll need to answer 4 questions: One question is required, and 3 are your choice.

We realize that not all questions apply to all applicants, so be sure to select the 3 questions that you believe give us the best information about you.

All 8 questions are given equal consideration in the application review process. Responses to each question should be between 250-350 words.

Personal insight questions

Want a copy of the personal insight questions emailed to you? It's a good idea to work on these before you enter them in the application.

Email questions

Please answer the required question

Please describe how you have prepared for your intended major, including your readiness to succeed in your upper-division courses once you enroll at the university.

Answer

Please answer any 3 questions below

- Describe an example of your leadership experience in which you have positively influenced others, helped resolve disputes, or contributed to group efforts over time.

Answer
- Every person has a creative side, and it can be expressed in many ways: problem solving, original and innovative thinking, and artistically, to name a few. Describe how you express your creative side.

Answer
- What would you say is your greatest talent or skill? How have you developed and demonstrated that talent over time?

Answer
- Describe how you have taken advantage of a significant educational opportunity or worked to overcome an educational barrier you have faced.

Answer
- Describe the most significant challenge you have faced and the steps you have taken to overcome this challenge. How has this challenge affected your academic achievement?

Answer
- What have you done to make your school or your community a better place?

Answer
- Beyond what has already been shared in your application, what do you believe makes you a strong candidate for admissions to the University of California?

Answer

This is a screen shot of the PIQ page. The word count is listed here, and students can opt to have the PIQ questions emailed to them on this screen.

Applicants should work on their PIQ responses in a separate document (e.g., Word document) and then copy and paste them into the UC application once ready. The UC application does not allow for tools such as grammar and spell check!

Transfer students are required to answer how they have prepared for their intended major.

- Avoid listing courses taken
- Focus on experiences in and out of class that show interest in the major/field
- Discuss how the applicant has taken the initiative to learn more about the major/field and gain greater knowledge and depth

Missing information

If you did not address any gaps in your enrollment earlier in the UC application, you will be prompted again here.

Verify units and applicant level

Junior-level transfer students must have a minimum of 60 semester units or 90 quarter units.

Based on the coursework information you provided in "Academic history," the number of units you reported (47 semester/70.5 quarter units) does not meet the minimum required for the level you selected. This total, however, does not include units you may have earned from AP, IB, and/or A-level exams.

If you think the coursework total (without exams) is incorrect, click on the button below to return to "Academic history" to edit your courses. If the total is correct, or if you believe you will have the minimum units with test scores you've reported, please check the box below to confirm your courses are accurately reported.

Gaps in education

- Applicants must explain all gaps in education for each term not enrolled. If you did not address this earlier in your application, it will prompt you here again.
- This will not disqualify you from being admitted; this is to help admission representatives understand your full educational and life context.

Verify units and applicant level

- The application does a quick estimate of units to verify whether the student has sufficient units for the level they've applied to. **Note: This tally does NOT include AP, IB or A-level exams.**
- Students can go directly back to the Academic History to add courses/units they may have forgotten to add. Or, if the student knows they have enough units with exam scores, they can check the box confirming that they've reported the correct number of units. This will allow the student to continue with the submission process.

Billing summary and fee waiver

There is an **\$80** applicant fee per campus (\$95 for international applicants).

If eligible for the UC application fee waiver, that will be noted on this screen. Applicants must accept and apply the fee waiver.

Application fees may be paid by credit card or check.

Application Fees:

- For U.S. citizens or permanent resident students, the application fee is \$80 per campus.
- For International and non-immigrant applicants, the application fee is \$95 for each campus selected.
 - If an international or non-immigrant student currently attends school in the U.S., however, they may be eligible to pay the lower application fee of \$80 per campus.
- The application tool will advise of the fee amount on this page.

Fee Waiver:

- A fee waiver is automatically calculated for California and domestic residents. The fee waiver calculator is activated from answers about the applicant's family size and income.
- If a fee waiver is granted, **the applicant must select "Yes" to accept the fee waiver.**
- If an applicant decides not to answer those questions, they *may* qualify for a fee waiver but would not receive one.

If the applicant makes a mistake on the family income amount, they can correct the information with an 'edit' button; eligibility for the fee waiver will automatically re-calculate with the revised information .

Fee Waiver Eligibility

- For U.S. citizens or permanent residents or students who have attended a CA high school for at least 3 years, if students meet the low-income criteria used to qualify for free and reduced lunch, they will qualify for a UC application fee waiver for up to 4 campus choices but will be responsible for payment for any additional campus(es) to which they choose to apply.
- Students in California on a visa are not eligible for the UC application fee waiver.
- UC also accepts the College Board, ACT or NACAC fee waiver. Only one waiver may be used.

Payment:

- Application fee payment is required and non-refundable.
- Payment may be submitted by credit card in the application tool; **or** by mailing a check or fee waiver if a student didn't qualify for the UC application fee waiver but meets criteria established by the waiver provider.

Transfer Academic Update

Introduction

To ensure we have your most current academic information, sophomore, junior and senior transfer applicants are required to submit a Transfer Academic Update (TAU). You must provide your final grades from the previous term and list all courses in progress or planned for the term before you expect to enroll. Even if you do not have any in-progress or planned courses and your academic record was complete in your original application, you still must complete the Transfer Academic Update.

Instructions

You must complete each TAU section in sequential order. Once all steps are completed, you can review your information on the "Review & submit" page. From that page, you can navigate to each section, fix any errors or make any changes, and proceed through each section again. Once your information is correct and complete, you can submit the TAU.

Each applicant must submit at least one TAU. Once a TAU is submitted, it cannot be edited or changed. If you need to make any additional changes or updates, you'll need to submit a new TAU.

You have not submitted the Transfer Academic Update.

- Even if an applicant is not currently enrolled, and all information was submitted on the original admission application, **all transfer applicants are required to submit the Transfer Academic Update (TAU)**.

Additional comments

If there's anything else you want us to know about your academic record, you can do so in the space below. But remember, you should use this space only if you want to describe anything that you have not had the opportunity to include elsewhere in this section (for example: a break in attendance, poor grades in a particular course or year, specific information about your school environment or policies that affect your academic record or choices for classes).

International applicants: If you selected Other as your school's grading system, please explain the grading system here.
