About you — Statement of Legal Residence

Statement of Legal Residence (SLR)

- In this section, applicants can choose whether or not they would like to be evaluated for California residency for tuition purposes.
- Both options will prompt additional questions.

About you

Statement of Legal Residence

* required

To determine your University of California (UC) tuition, applicants must indicate if they would like to be evaluated for a Residence Classification via the Statement of Legal Residence (SLR). You must meet UC requirements to qualify for in-state tuition, regardless of your classification in another system. Parents is defined as natural or adoptive parents, not stepparent. Your answer below has no bearing on your admissions decision.

The following three requirements must be established more than 365 days immediately prior to the residence determination date:

- 1) Physical Presence - You and your parents must be physically present in California. If you moved to California primarily to attend the University of California or another school, you are ineligible for a Resident classification for tuition purposes.
- 2) Intent to remain in California - You and your parents must have established your intent to make California your permanent home and must have relinquished ties to any prior place of residence outside of California.
- 3) Immigration status - You and your parents must be citizens or permanent residents of the United States or be present under a valid I-94 for an eligible visa, and have held that immigration status.

Applicants who do not satisfy all three parts may qualify for a Special Circumstance, Exemption, or Waiver provision (such as an [AB 540](#) ☐ nonresident supplemental tuition exemption) and will be asked to submit additional supplemental information at a future date. For further explanation, read the full [UC Residence Policy and Guidelines](#) ☐.

Note: Undocumented students should use [these instructions](#) ☐ for completing the SLR.

2. You worked outside of California during the last 3 years
3. You left California for more than 6 weeks in the last year

Test scores

English language proficiency tests

* required

Students from a country where the language of instruction is not English are required to submit a score from one of the following tests: the Test of English as a Foreign Language (TOEFL), the International English Language Testing System (IELTS) examination (academic modules) or the Duolingo English Test (DET). TOEFL, IELTS or DET exam scores are preferred, but the score from ACT English Language Arts or SAT Writing and Language can also be used to demonstrate English language proficiency.

Tips for this section

Activities & awards tips

- Avoid unfamiliar acronyms.
- Don't repeat entries across multiple categories.
- Don't overlook other ways you may have spent your time, including caring for siblings or other family members or other obligations at home.
- You don't need to list something in every category, nor do you need to add the maximum of 20 activities. The **quality** of your involvements is more valuable than the quantity.
- Keep in mind, UC does not value any activity over another.

Apply for scholarships

* required

You can apply to a number of UC scholarships (that means free money) right here in the application. The scholarships listed below are awarded to students with specific backgrounds, academic interests or career objectives. If you don't see any categories that are relevant to you, don't worry. In addition to these scholarships, each campus and many alumni associations award a variety of scholarships that recognize students' achievement and potential.

You'll also need to file a [Free Application for Federal Student Aid \(FAFSA\)](#) ☐ or a [California Dream Act Application](#) ☐ (if you're an undocumented student) to be considered for every type of financial aid possible, including the scholarships listed below. International students should not file these.

Transfer Academic Update (TAU)

Transfer Academic Update (TAU) overview

Transfer Academic Update

- All transfer applicants must submit the TAU.
- Applicants will be emailed in mid-December once the TAU is available.
- The priority deadline to submit a TAU is **January 31**.

Transfer Academic Update Introduction

To ensure we have your most current academic information, sophomore, junior and senior transfer applicants are required to submit a Transfer Academic Update (TAU). You must provide your final grades from the previous term and list all courses in progress or planned for the term before you expect to enroll. Even if you do not have any in-progress or planned courses and your academic record was complete in your original application, you still must complete the Transfer Academic Update.

Instructions

You must complete each TAU section in sequential order. Once all steps are completed, you can review your information on the "Review & submit" page. From that page, you can navigate to each section, fix any errors or make any changes, and proceed through each section again. Once your information is correct and complete, you can submit the TAU.

The priority deadline to submit the TAU is January 31. Each applicant must submit at least one TAU. Make every effort to submit a complete and accurate TAU by the priority deadline. If you need to make any additional changes or updates, you'll need to submit a new TAU but please note that we cannot guarantee that a campus can go back to review an application if an additional TAU has been received after the priority deadline.

You have not submitted the Transfer Academic Update.
