
UC for Everyone 2026

March 3, 2026

UNIVERSITY
OF
CALIFORNIA

This land was and continues to be of great importance to Indigenous communities and other familial descendants, and every member of the UC community benefits from it.

Program agenda

WHAT TO EXPECT

- The UC experience
- Financing your education
- Campus highlights
- Live student panel
- Campus highlights continued
- Admission overview & resources

The UC experience

We are UC

NINE UNDERGRADUATE CAMPUSES. ONE UC FAMILY

We are:

- Leaders
- Innovators
- Entrepreneurs
- Researchers

UNIVERSITY
OF
CALIFORNIA

Meet our fall 2025 undergraduate students

36% are the first in their families to attend a 4-year university

31% started their higher education journey at community college

Majors

UC offers **170** academic disciplines and more than **800** degree programs. Students can choose areas of study that align with their interests and academic goals.

Some examples of majors within the UC include:

- African American Studies
- Bioengineering
- Economics
- Computer Science
- Digital Humanities
- Film, Television and Media
- Global Studies
- Human Biology and Society
- Languages
- Public Affairs
- Sustainable Environmental Design
- **And more!**

UC's mission

The mission of the University includes:

- Undergraduate education
- Graduate and professional education
- Research
- Public service

BENEFITS FOR STUDENTS

- Fosters critical thinking and analytical skills through hands-on learning outside of the classroom
- Defines your academic, career and personal interests — personalize your degree
- Allows you to work closely with distinguished faculty who are leaders in their respective fields
- Potential to earn a stipend or class credit

70%

of UC students participate in original research or creative projects

600

new inventions a year are created by UC students

1 in 3

UC students directly assist faculty in their research

BEYOND THE CLASSROOM

- **170** study abroad programs in over 40 countries
- Work-Learn programs and internships
- UC in Washington, D.C. and Sacramento
- Intercampus Visitor Program

Student support

UC offers a robust array of resources designed to help every student have a fulfilling experience at UC, including programs for

- Current and former foster youth
- First-generation college students
- Formerly incarcerated or system-impacted students
- Non-traditional and/or parenting students
- Students with disabilities
- Undocumented students
- Veterans and military-related students
- **And more!**

Financing your education

UC financial aid programs

Most California students with families earning up to **\$100,000** pay no tuition to attend due to the financial aid they receive.

With tuition stability for six academic years upon enrollment, families can plan for estimated education costs.

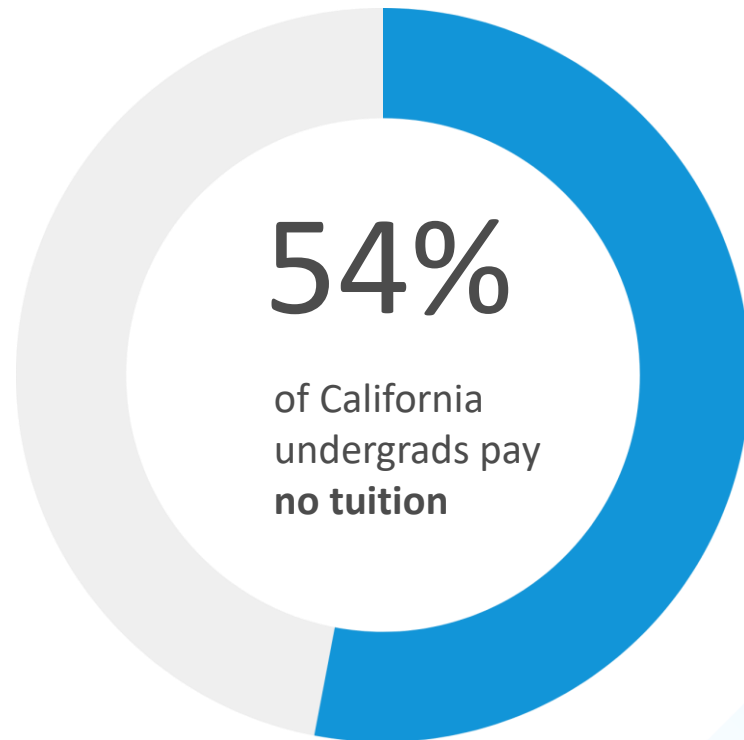

Tuition and financial aid

67% of California undergrads
receive grants & scholarships

\$22,000

average amount of grants and scholarships
awarded to eligible California students

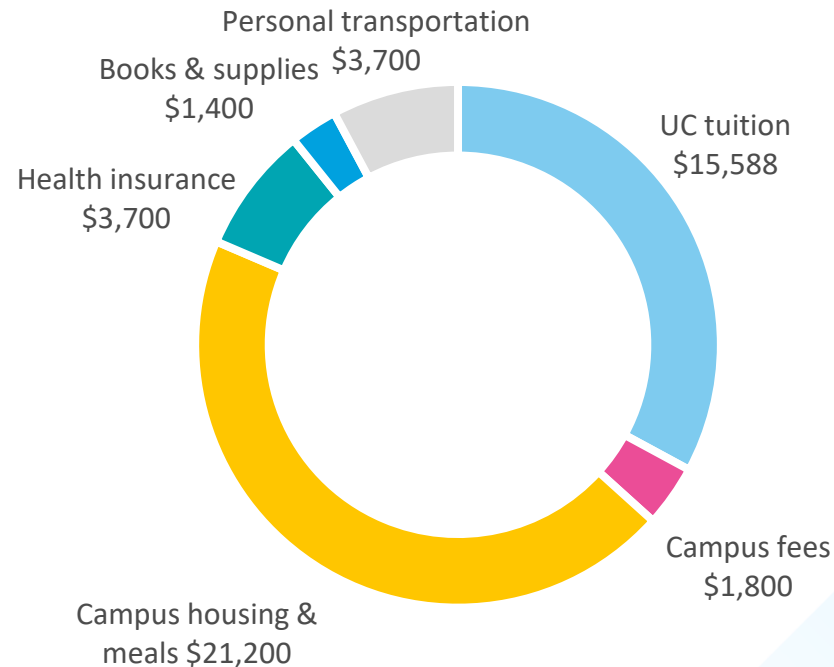

Cost of attendance

For California residents, the estimated average cost for a new student living on campus in 2026–2027 is **\$47,388**.

However, most students do not pay the full cost of attendance.

Estimate your financial aid using our UC financial aid calculator!

**Estimates only. Total cost will vary based on your personal expenses and campus you attend*

Undergraduate Research

UCR is in the **TOP 2%** of universities worldwide for research and the impact of notable alumni. – EduRank, 2022

Opportunities to study with outstanding faculty starting in your first year!

Examples of recent research:

- Reversing the worldwide decline in honeybees
- Creation of the Luna UCRT™ avocado (one of TIME'S 2023 Best Inventions)
- “Cute aggression” and people’s desire to squeeze very cute things
- Studying the size of the ancient Megalodon shark

Research is available for all students, including areas in the humanities, arts, and social sciences!

Living on Campus

Housing guarantee for all first years!

- Close to your classes
- Lots of activities and events
- Perks like recreation, dining, swimming pools, and more
- Living-learning communities available

Work Hard. Play Harder.

- Advanced weight and cardio equipment
- Rock wall and bouldering area
- Pool and spa
- Tennis, racquetball, and squash courts
- Indoor running track and training rooms
- Cooking and nutrition classes

Getting Involved

**With over 400 clubs to join,
you'll never be bored!**

Types of clubs:

- Fraternities and sororities
- Honor societies
- Cultural
- Recreational sports
- Spiritual and religious
- Action and awareness-based
- Community service
- ...and much more!

If you don't find anything you like, you can start a club of your own and receive university funding to hold events!

UC admission and resources

Minimum admission requirements

FIRST-YEAR

Subject requirements (A-G)

- History/social science (2 years)
- English (4 years)
- Math (3 years)
- Science (2 years)
- Language other than English (2 years)
- Visual & performing arts (1 year)
- College-prep elective (1 year)

UC GPA requirement

- 3.0 for California residents
- 3.4 for nonresidents

TRANSFER

7-course pattern (UC-transferable courses)

- English (2)
- Math (1)
- Four courses from 2 of the following areas:
 - Arts & humanities
 - Social & behavioral sciences
 - Life & physical sciences

GPA requirement

- 2.4 for California residents
- 2.8 for nonresidents

60 semester/90 quarter unit requirement

Selection

All campuses receive more applications than they can accept. **Meeting minimum requirements does not guarantee admission!**

UC utilizes a **comprehensive review** process, which means everything in the application is taken into consideration.

Context is an important consideration within this review process. What opportunities were available to you, and how did you take advantage of them?

Tips for high school students

A-G REQUIREMENTS

Aim to exceed the minimum requirements wherever possible.

Electives can highlight academic interests and strengths.

Take advantage of any AP/IB/Honors courses that your school offers. Challenge yourself where possible.

College courses can be a viable option if your AP/IB/Honors options are limited.

GPA

Academic excellence matters. Strong students will have more campus options and it may even mean more scholarship opportunities!

Remember, the UC GPA is calculated using your A-G coursework completed in 10th and 11th grades.

AP, IB, UC-approved honors and college-level courses calculated in the UC GPA receive extra weight.

EXTRACURRICULARS

UC emphasizes quality over quantity.

When reviewing activities and involvements, we look for:

- Commitment over time
- Leadership (skills, not just a title)
- Progression (where applicable)

UC does not value certain activities over others.

Nontraditional activities and commitments are also considered! Context is key.

Tips for transfer students

ACADEMIC PREPARATION

Complete the UC-E and UC-M requirements as soon as possible.

In addition to the minimum requirements, prioritize any required or recommended major preparation.

CalGETC/IGETC is not a requirement for admission. Campuses will look for major preparation before general education.

Explore the Transfer Admission Guarantee (TAG) program to see if your intended campus and major are available!

PLANNING TOOLS

Create a UC TAP account to keep track of your UC-transferable coursework, GPA and academic progress.

If attending a California community college, use Assist.org to review any major preparation requirements and plan your coursework.

Stay in contact with admission representatives along the way! We are here to help you.

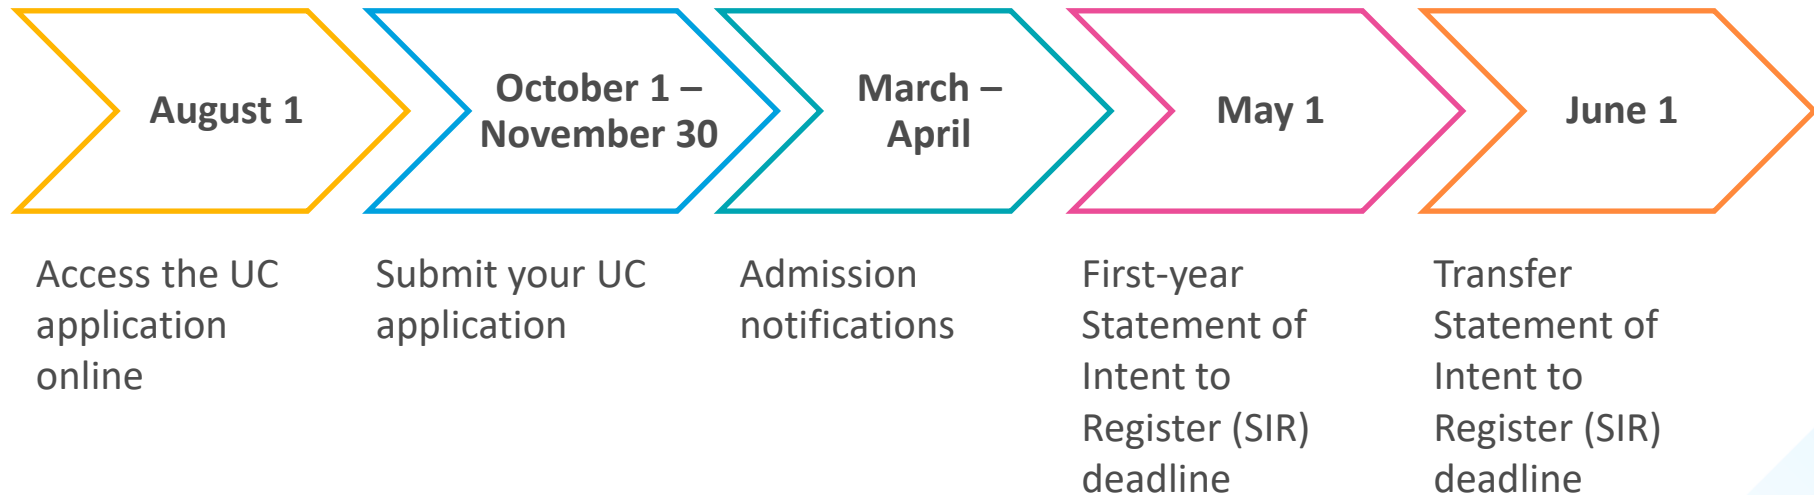

EXTRACURRICULARS

Look for opportunities for engagement outside of the classroom, including:

- Volunteer/community service
- Work opportunities
- Research
- Educational prep programs (e.g., EOPS, Puente or Umoja)

Consider how you are preparing for your major beyond coursework.

UC admission timeline

Final tips to prepare for UC

FIND YOUR FIT

Follow the UC campuses on social media.

Attend campus events and programs to better understand which campuses align with your academic, personal and extracurricular interests.

When deciding which campuses are best for you, consider:

- Campus size
- Major choice
- Location/environment

PREPARE

It's never too early to start exploring UC.

Whether you intend to apply as a first-year or transfer applicant, be sure you understand the admission requirements so that you can ensure you will meet them.

Keep track of your accomplishments! The more organized you stay now, the easier the application process will be.

ASK FOR HELP

Connect with admission reps. All of the UC campuses are here to help support you and answer your questions!

Be sure you're checking in with your school counselors regularly. This will help ensure you are staying on track.

UC and campus resources

Thank you for joining UC for Everyone!
